Citizens and Governing Board  
Tolleson Union High School District No. 214  
9801 West Van Buren Street  
Tolleson, Arizona 85353

State law mandates that school districts required to undergo an annual single audit publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States by a certified public accounting firm licensed in the State of Arizona. Pursuant to that requirement, we hereby issue the annual comprehensive financial report of the Tolleson Union High School District No. 214 (District) for the fiscal year ended June 30, 2025.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with accounting principles generally accepted in the United States of America. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free of material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The District's financial statements have been audited by Heinfeld, Meech & Co., P.C., a certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2025, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2025, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated Single Audit as required by the provisions of the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the District's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in a separately issued Single Audit Report.

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

### **Profile of the District**

The District is one of 58 public school districts located in Maricopa County, Arizona. It provides a program of public education from grade nine through grade twelve, with a fiscal year 2024-25 average daily membership of 13,856.

The District's Governing Board is organized under Section 15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. The County Treasurer collects taxes for the District, but exercises no control over its expenditures/expenses.

The membership of the Governing Board consists of five members elected by the public. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and operation of schools. The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity in conformity with generally accepted accounting principles. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes, and the District is not included in any other governmental reporting entity. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing board is financially accountable. The District's major operations include education, student transportation, construction and maintenance of District facilities, food services, bookstore, and athletic functions.

The District was organized in 1914 and currently encompasses approximately 102.5 square miles. Located within Maricopa County and the greater Phoenix metropolitan area, the District lies approximately ten miles west of downtown Phoenix, Arizona. Portions of the cities of Phoenix, Avondale, Glendale, and the entire city of Tolleson are included within the boundaries of the District.

The District maintains budgetary controls as an integral part of its overall system of internal controls. The objective of these budgetary controls is to ensure compliance with legal provisions included in the annual expenditure budget adopted by the District's Governing Board. The annual expenditure budget also serves as the foundation for the District's financial planning and control. Activities of the general fund, special revenue funds, and capital projects funds are included in the annual appropriated budget. The level of budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) is established at the individual fund level for all funds. Funds that are not required to legally adopt a budget may have overexpenditures of budgeted funds, as the budgets for these funds are simply an estimate and does not prevent the District from exceeding the budget as long as the necessary revenue is earned. Arizona Revised Statutes permits the adopted expenditure budget to be revised annually. The District additionally exercises management control and oversight of the budget at the fund level. The District is not required to prepare an annual budget of revenue; therefore, a deficit budgeted fund balance may be presented.

### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the District operates.

**Age of Buildings.** The original high school in the District was built in 1928. In 1989, the District added its second high school, and three more schools were built between 2002 and 2009. The newest high school in the District opened in July 2019. The District is currently in the process of establishing the newest high school that is expected to open in 2027.

**Local Economy.** The economy of the District is based primarily on the economies of the cities of Tolleson and Avondale. Commercial, agricultural and industrial influences are present throughout the District. Employment opportunities can be found locally and in the greater Phoenix metropolitan area.

Historically, Tolleson's economy has been agriculturally based. However, with the growth of Phoenix to its west, Tolleson is in a transitional period from an agricultural based economy to a commercial and industrial based economy. Tolleson has become a strong distribution hub for companies wishing to deliver products to southwestern markets due to Tolleson's location south of Interstate 10 and the interchange with Loop 101.

Encompassed in the District's boundary are the homes for the Arizona Cardinals and Spring Training baseball. These venues are helping to influence the development of the areas north of I-10 especially in the Westgate Entertainment District. South of the I-10 new freeways are being built providing greater access to the rest of the valley and influencing significant residential developments. The District has several thriving suburbs that are projected to add over an estimate of 12,000 homes in the next seven years.

**Long-term Financial Planning.** The District has contracted with a professional demographer who projects that the District will gain 150 to 500 students per year for at least the next five years. The District has received significant increases in Federal and State funding over the past few years. Additionally, the local community has been very supportive of the District at the ballot for budget override and Bond questions. The District is purposefully building and holding onto reserves in order to prepare for the next economic downturn.

### **Awards and Acknowledgment**

**Awards.** The Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its annual comprehensive financial report for the fiscal year ended June 30, 2024. This was the 14th consecutive year that the District received this prestigious award. In addition, the Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its annual comprehensive financial report for the fiscal year ended June 30, 2024. In order to be awarded these certificates, the District published an easily readable and efficiently organized annual comprehensive financial report. This report satisfied both accounting principles generally accepted in the United States of America and applicable legal requirements.

These certificates are valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the programs' requirements and we are submitting it to ASBO and GFOA to determine its eligibility for the fiscal year ended June 30, 2025 certificates.

**Acknowledgments.** The preparation of the annual comprehensive financial report on a timely basis was made possible by the dedicated service of the entire staff of the business and finance department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the Governing Board of the District, preparation of this report would not have been possible.

Respectfully submitted,

Jeremy Calles

## Independent Auditor's Report

Governing Board  
Tolleson Union High School District No. 214

### **Report on Audit of Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Tolleson Union High School District No. 214 (District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Tolleson Union High School District No. 214, as of June 30, 2025, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Tolleson Union High School District No. 214 and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter***

As discussed in Note 6 to the financial statements, the District entered into a lease-leaseback transaction that was considered unusual to the District's normal operations. In addition, as discussed in Note 18, subsequent to year end, the District received notice they were to undergo a special audit to be conducted by the Office of the Auditor General of the State of Arizona. Our opinion is not modified with respect to these matters.

#### ***Change in Accounting Principle***

As described in Note 1 to the financial statements, the District implemented the provisions of GASB Statement No. 101, *Compensated Absences*, for the year ended June 30, 2025. Our opinion is not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, and net pension liability information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the

information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Combining and Individual Fund Financial Statements and Schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Combining and Individual Fund Financial Statements and Schedules information is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### *Other Information*

Management is responsible for the other information included in the annual report. The other information comprises the Introductory Section and Statistical Section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on other work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2025, on our consideration of Tolleson Union High School District No. 214's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Tolleson Union High School District No. 214's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tolleson Union High School District No. 214's internal control over financial reporting and compliance.

(This page intentionally left blank)

**Tolleson Union High School District No. 214**  
**Management's Discussion and Analysis (MD&A)**  
**Year Ended June 30, 2025**

As management of the Tolleson Union High School District No. 214 (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2025. The management's discussion and analysis is presented as required supplementary information to supplement the basic financial statements. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

### **Financial Highlights**

- The District's total net position of governmental activities increased \$6.8 million which represents a two percent increase from the prior fiscal year which was not significant.
- General revenues accounted for \$199.3 million in revenue, or 88 percent of all current fiscal year revenues. Program specific revenue in the form of charges for services and grants and contributions accounted for \$27.0 million or 12 percent of total current fiscal year revenues.
- The District had approximately \$219.5 million in expenses related to governmental activities, an increase of four percent from the prior fiscal year.
- Among major funds, the General Fund had \$145.2 million current fiscal year revenues, which primarily consisted of state aid and property taxes, and \$155.4 million in expenditures. The General Fund's fund balance decrease from \$135.0 million at the prior fiscal year end to \$98.6 million at the end of the current fiscal year was primarily due to the lease-leaseback agreement.

### **Overview of Financial Statements**

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. The accrual basis of accounting is used for the government-wide financial statements.

**Tolleson Union High School District No. 214**  
**Management's Discussion and Analysis (MD&A)**  
**Year Ended June 30, 2025**

### **Overview of Financial Statements**

The statement of net position presents information on all of the District's assets, liabilities, and deferred inflows/outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

The government-wide financial statements outline functions of the District that are principally supported by property taxes and intergovernmental revenues. The governmental activities of the District include instruction, support services, operation and maintenance of plant services, student transportation services, operation of non-instructional services, and interest on long-term debt.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are reported as governmental funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements use the modified accrual basis of accounting and focus on near-term inflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

**Tolleson Union High School District No. 214**  
**Management's Discussion and Analysis (MD&A)**  
**Year Ended June 30, 2025**

### **Overview of Financial Statements**

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General, Other Special Revenue, Debt Service, and Bond Building Funds, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements and schedules.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's budget process and pension plan. The District adopts an annual expenditure budget for all governmental funds. A schedule of revenues, expenditures and changes in fund balances – budget and actual has been provided for the General Fund and major Special Revenue Fund as required supplementary information. Schedules for the pension plan have also been provided as required supplementary information.

### **Government-Wide Financial Analysis**

Net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceeded liabilities and deferred inflows by \$348.4 million at the current fiscal year end.

The largest portion of the District's net position reflects its investment in capital assets (e.g., land and improvements, buildings and improvements, vehicles, furniture and equipment and construction in progress), less any related outstanding debt used to acquire those assets. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. In addition, a portion of the District's net position represents resources that are subject to external restrictions on how they may be used.

**Tolleson Union High School District No. 214**  
**Management's Discussion and Analysis (MD&A)**  
**Year Ended June 30, 2025**

**Government-Wide Financial Analysis**

The following table presents a summary of the District's net position for the fiscal years ended June 30, 2025 and June 30, 2024.

	As of June 30, 2025	As of June 30, 2024
Current and other assets	\$ 390,924,202	\$ 333,676,215
Capital assets, net	515,519,563	462,836,847
Total assets	<u>906,443,765</u>	<u>796,513,062</u>
Deferred outflows	26,507,639	20,438,321
Current and other liabilities	16,598,522	12,152,455
Long-term liabilities	557,486,151	457,887,772
Total liabilities	<u>574,084,673</u>	<u>470,040,227</u>
Deferred inflows	10,507,785	5,390,852
Net position:		
Net investment in capital assets	255,156,782	221,315,210
Restricted	68,538,914	57,840,505
Unrestricted	24,663,250	62,364,589
Total net position	<u>\$ 348,358,946</u>	<u>\$ 341,520,304</u>

At the end of the current fiscal year the District reported positive balances in all three categories of net position. The same situation held true for the prior year.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets. The following are significant current year transactions that had an impact on the Statement of Net Position.

- The issuance of \$115.7 million in school improvement bonds and related premium of \$10.4 million.
- The retirement of \$34.8 million of school improvement bonds and related premium.
- The addition of \$74.4 million in capital assets through the completion of various school improvements, and purchases of vehicles, furniture and equipment.

**Tolleson Union High School District No. 214**  
**Management's Discussion and Analysis (MD&A)**  
**Year Ended June 30, 2025**

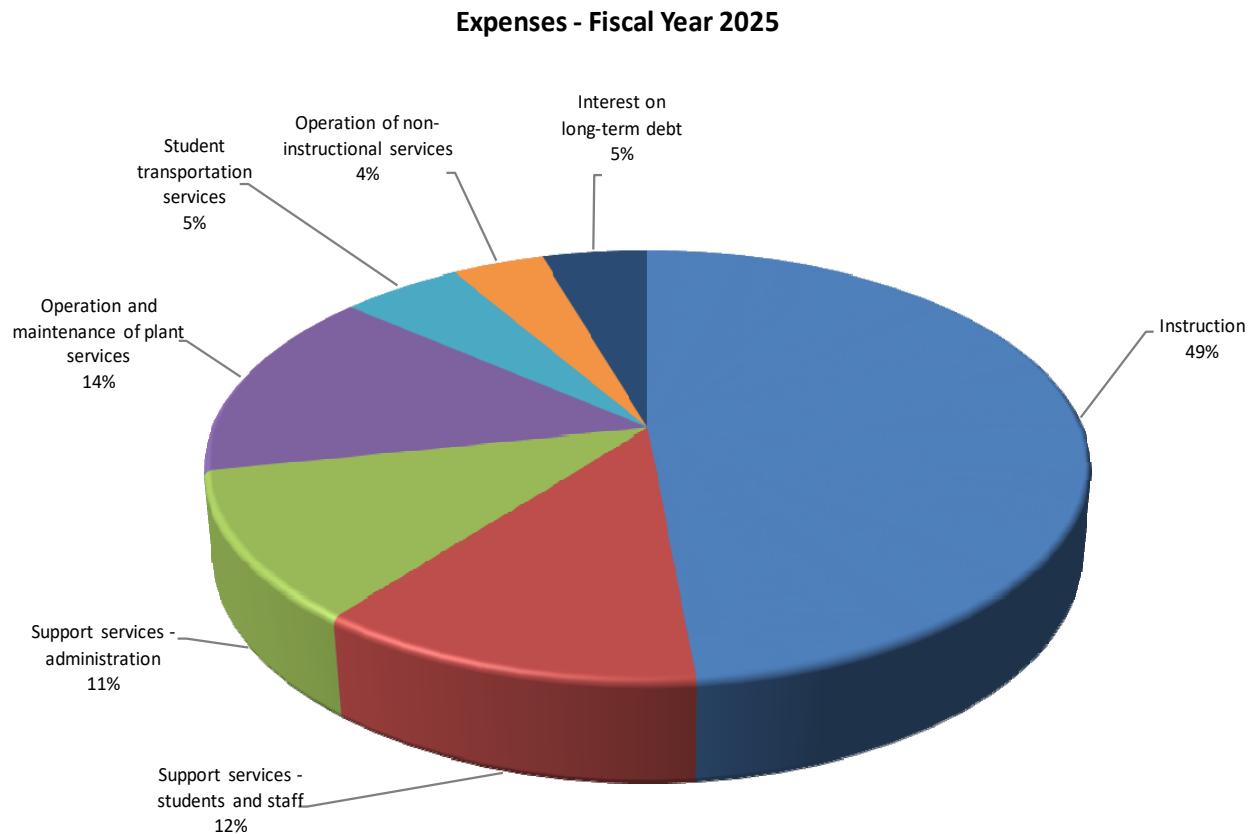

**Government-Wide Financial Analysis**

The following are significant current year transactions that have had an impact on the change in net position.

- A decrease of \$3.5 million in property taxes due to a decrease in the secondary tax rate which is used for voter overrides.
- Increased spending of \$5.7 million for instructional expenses due to an increase in teacher salaries and the hiring of additional employees.
- Operation and maintenance of plant services increased \$3.5 million from the prior year as a result of final construction of the facilities warehouse.

The following table presents the cost of the District's major functional activities. The table also shows each function's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden that was placed on the State and District's taxpayers by each of these functions.

- The cost of all governmental activities this year was \$219.5 million.
- Federal and State governments and charges for services subsidized certain programs with grants and contributions and other local revenues of \$27.0 million.
- Net cost of governmental activities of \$192.5 million was financed by general revenues, which are made up of primarily property taxes of \$86.1 million and state aid of \$103.2 million. Investment earnings accounted for \$9.1 million of funding.

**Financial Analysis of the District's Funds**

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported a combined fund balance of \$320.8 million, an increase of \$37.2 million due primarily to unspent bond proceeds.

**Tolleson Union High School District No. 214**  
**Management's Discussion and Analysis (MD&A)**  
**Year Ended June 30, 2025**

### **Financial Analysis of the District's Funds**

The General Fund comprises 31 percent of the total fund balance. Approximately \$87.5 million, or 89 percent of the General Fund's fund balance is unassigned.

The General Fund is the principal operating fund of the District. The decrease in fund balance from \$135.0 million to \$98.6 million was due to utilizing \$25.0 million to enter into a lease-leaseback agreement with another School District.

The fund balance of the Other Special Revenue Fund decreased \$393,811, or four percent, which was not significant.

The fund balance of the Debt Service Fund increased \$517,209, or 12 percent, primarily as a result of a decrease in the property tax rate used to service debt payments.

The fund balance of the Bond Building Fund increased \$64.6 million primarily due to issuance of school improvement bonds.

### **Budgetary Highlights**

Over the course of the year, the District revised the General Fund annual expenditure budget for fluctuation of student counts from the original budget. The difference between the original budget and the final amended budget was a decrease of \$12.0 million, or approximately six percent.

Significant variances for the final amended budget and actual revenues resulted from the District not being required by the State of Arizona to prepare a revenue budget. A schedule showing the original and final budget amounts compared to the District's actual financial activity for the General Fund is provided in this report as required supplementary information. The significant variances are summarized as follows:

- The favorable variance of \$55.9 million in instruction is primarily due to an increase in teachers' salaries. The variances of \$3.0 and \$2.6 million in support services for students and staff and administrative respectively, is primarily due to Arizona's budget structure. The State of Arizona requires that Districts list the full amount that they are authorized to spend, rather than the amount that they plan to spend that year. The District included the rollover amount in its budget, even though it does not intend to spend the full amount because reducing the reported budget would result in a loss of the money.

**Tolleson Union High School District No. 214**  
**Management's Discussion and Analysis (MD&A)**  
**Year Ended June 30, 2025**

### **Capital Assets and Debt Administration**

**Capital Assets.** At year end, the District had invested \$700.2 million in capital assets, including school buildings, athletic facilities, buses and other vehicles, computers, and other equipment. This amount represents a net increase prior to depreciation of \$72.3 million from the prior fiscal year, primarily due to school improvement projects. Total depreciation expense for the current fiscal year was \$21.5 million.

The following schedule presents a summary of capital asset balances for the fiscal years ended June 30, 2025 and June 30, 2024.

	As of June 30, 2025	As of June 30, 2024
Capital assets - non-depreciable	\$ 76,478,157	\$ 49,122,338
Capital assets - depreciable, net	439,041,406	413,714,509
<b>Total</b>	<b>\$ 515,519,563</b>	<b>\$ 462,836,847</b>

The estimated cost to complete current construction projects is \$9.6 million.

Additional information on the District's capital assets can be found in Note 7.

**Debt Administration.** At year end, the District had \$430.5 million in long-term debt outstanding, \$23.2 million due within one year. Long-term debt increased by \$89.6 million primarily due the issuance of school improvement bonds.

The District's general obligation bonds are subject to two limits; the Constitutional debt limit (total debt limit) on all general obligation bonds (up to 15 percent of the total net full cash assessed valuation) and the statutory debt limit on Class B bonds (the greater of 10 percent of the net full cash assessed valuation or \$1,500 per student). The current total debt limitation for the District is \$626.9 million and the Class B debt limit is \$417.9 million, both of which are greater than the District's total outstanding general obligation and Class B debt, respectively.

Additional information on the District's long-term debt can be found in Notes 9-12.

**Tolleson Union High School District No. 214  
Management's Discussion and Analysis (MD&A)  
Year Ended June 30, 2025**

**Economic Factors and Next Year's Budget and Rates**

Many factors were considered by the District's administration during the process of developing the fiscal year 2025-26 budget. Among them:

- Fiscal year 2024-25 budget balance carry forward (estimated \$47.0 million).
- District student population (estimated 14,000).

Also considered in the development of the budget is the local economy and inflation of the surrounding area.

Budgeted expenditures in the General Fund increased \$290,218 or less than one percent in fiscal year 2025-26. aid and property taxes are expected to be the primary funding sources. No new programs were added to the 2025-26 budget.

**Contacting the District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the resources it receives. If you have questions about this report or need additional information, contact the Business and Finance Department, Tolleson Union High School District No. 214, 9801 West Van Buren Street, Tolleson, Arizona 85353.

**Tolleson Union High School District No. 214**  
**Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position**  
**June 30, 2025**

**Total fund balances - governmental funds** \$ 320,838,175

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Governmental capital assets	\$ 700,209,402
Less accumulated depreciation	<u>(184,689,839)</u>
	515,519,563

Some receivables are not available to pay for current period expenditures and, therefore, are reported as unavailable revenues in the funds.

Property taxes	414,777
Intergovernmental	<u>608,893</u>
	1,023,670

The net OPEB asset is not a current financial resource and, therefore, is not reported in the funds.

Deferred outflows and inflows of resources related to pensions/OPEB are applicable to future periods and, therefore, are not reported in the funds.

Deferred outflows of resources related to pensions/OPEB	26,507,639
Deferred inflows of resources related to pensions/OPEB	<u>(9,228,472)</u>
	17,279,167

The lease-leaseback agreement is reported as a deferred inflow of resources in the fund financial statements, however, the deferred inflow was netted against the right-to-use asset in the Statement of Net Position.

25,000,000

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.

Compensated absences payable	(8,476,072)
Financed purchases payable	(12,934,060)
Leases payable	(229,997)
Bonds payable	(395,627,669)
Net pension liability	<u>(118,558,353)</u>
	<u>(535,826,151)</u>

**Net position of governmental activities** \$ 348,358,946

**Tolleson Union High School District No. 214**  
**Reconciliation of the Statement of Revenues, Expenditures and**  
**Changes in Fund Balances of Governmental Funds to the Statement of Activities**  
**For the Year Ended June 30, 2025**

**Changes in fund balances - total governmental funds** \$ 37,190,663

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report the portion of capital outlay for capitalized assets as expenditures. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for capitalized assets	\$ 74,440,187
Less current year depreciation	<u>(21,547,036)</u>
	52,893,151

Issuance of long-term debt provides current financial resources to governmental funds, but the issuance increases long-term liabilities in the Statement of Net Position.

Issuance of school improvement bonds	(126,059,561)
	(126,059,561)

Some revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	(400,171)
Intergovernmental	<u>(2,616,154)</u>
	(3,016,325)

Repayments of long-term debt principal are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.

Financed purchase principal retirement	1,223,076
Lease principal retirement	451,273
Bond principal retirement	<u>21,660,000</u>
	23,334,349

Governmental funds report pension/OPEB contributions as expenditures. However, they are reported as deferred outflows of resources in the Statement of Net Position. The change in the net pension liability/OPEB asset, adjusted for deferred items, is reported as pension expense in the Statement of Activities.

Current year pension/OPEB contributions	13,756,927
Pension/OPEB expense	<u>(13,613,563)</u>
	143,364

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Loss on disposal of assets	(210,435)
Amortization of deferred bond items	2,329,105
Compensated absences	<u>(4,765,669)</u>
	(2,646,999)

The lease-leaseback agreement is reported as a special item in the funds, however, the right-to-use assets are netted against deferred inflows on the Statement of Net Position. 25,000,000

**Changes in net position in governmental activities** \$ 6,838,642

## **Tolleson Union High School District No. 214**

### **Notes to Financial Statements**

**June 30, 2025**

#### **Note 1 – Summary of Significant Accounting Policies**

The financial statements of the Tolleson Union High School District No. 214 (District) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

During the year ended June 30, 2025, the District implemented the provisions of GASB Statement No. 101, *Compensated Absences*. This Statement updates the recognition and measurement guidance for compensated absences. Liabilities are recognized for leave that has not been used, as well as leave that has been used but not yet paid in cash or settled through noncash means. The District's analysis of compensated absences in effect at the beginning of the year resulted in no changes to beginning balances reported in the financial statements due to the implementation of this standard.

The more significant of the District's accounting policies are described below.

#### **A. Reporting Entity**

The Governing Board is organized under Section 15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. The County Treasurer collects taxes for the District, but exercises no control over its expenditures/expenses.

The membership of the Governing Board consists of five members elected by the public. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and operation of schools.

The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity in conformity with generally accepted accounting principles. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes, and the District is not included in any other governmental reporting entity. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing board is financially accountable. The District's major operations include education, student transportation, construction and maintenance of District facilities, food services, bookstore and athletic functions.

**Tolleson Union High School District No. 214**

**Notes to Financial Statements**

**June 30, 2025**

**Note 1 – Summary of Significant Accounting Policies**

**B. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) present financial information about the District as a whole. The reported information includes all of the nonfiduciary activities of the District. For the most part, the effect of internal activity has been removed from these statements. These statements are to distinguish between the governmental and business-type activities of the District. Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities or fiduciary activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The District does not allocate indirect expenses to programs of functions. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, unrestricted state aid, and other items not included among program revenues are reported instead as general revenues.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

**Government-Wide Financial Statements** – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. As a general rule, the effect of internal activity has been eliminated from the government-wide financial statements; however, the effects of interfund services provided and used between functions are reported as expenses and program revenues at amounts approximating their external exchange value.

**Tolleson Union High School District No. 214**

**Notes to Financial Statements**

**June 30, 2025**

**Note 1 – Summary of Significant Accounting Policies**

**Fund Financial Statements** – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. As permitted by generally accepted accounting principles the District applies the “early recognition” option for debt service payments. Property tax resources are provided in the Debt Service Fund during the current year for the payment of debt service principal and interest due early in the following year (less than one month). Therefore, the expenditures and related liabilities have been recognized in the current period. Capital asset acquisitions are reported as expenditures in governmental funds. Issuances of long-term debt and acquisitions under lease contracts and subscription-based information technology arrangements are reported as other financing sources.

Property taxes, state aid, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Food services and miscellaneous revenues are not susceptible to accrual because generally they are not measurable until received in cash. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. Unearned revenues arise when resources are received by the District before it has legal claim to them, as when grant monies are received prior to meeting all eligibility requirements imposed by the provider.

Delinquent property taxes and other receivables that will not be collected within the available period have been reported as unavailable revenues on the governmental fund financial statements.

The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

The District reports the following major governmental funds:

**General Fund** – The General Fund is the District’s primary operating fund. It accounts for all resources used to finance District maintenance and operation except those required to be accounted for in other funds. The General Fund includes the District’s Maintenance and Operation Fund and the Unrestricted Capital Outlay Fund, as well as other funds that do not meet the criteria for separate reporting in the financial statements.

## **Tolleson Union High School District No. 214**

### **Notes to Financial Statements**

**June 30, 2025**

#### **Note 1 – Summary of Significant Accounting Policies**

**Other Special Revenue Funds** – The Other Special Revenue Funds accounts for the revenues and expenditures of other special revenue activities, including the following: civic center, community school, extracurricular activities fees tax credit, gifts and donations, career and technical education projects, fingerprinting, textbooks, grants and gifts to teachers, career technical education, and student activities.

**Debt Service Fund** – The Debt Service Fund accounts for the accumulation of resources for and the payment of long-term debt principal, interest and related costs.

**Bond Building Fund** – The Bond Building Fund accounts for proceeds from District bond issues that are expended on the acquisition or lease of sites; construction or renovation of school buildings; supplying school buildings with furniture, equipment, and technology; improving school grounds; or purchasing pupil transportation vehicles.

#### **D. Cash and Investments**

A.R.S. require the District to deposit all cash with the County Treasurer, except as discussed below. Cash with the County Treasurer is pooled for investment purposes, except for cash of the Debt Service and Bond Building Funds that may be invested separately. Interest earned from investments purchased with pooled monies is allocated to each of the District's funds based on their average balances. As required by statute, interest earnings of the Bond Building Fund are recorded initially in that fund, but then transferred to the Debt Service Fund. All investments are stated at fair value.

Statute authorizes the District to separately invest monies of the Bond Building and Debt Service Funds in the State Treasurer's investment pools; obligations issued and guaranteed by the United States or any of its agencies or instrumentalities; specified state and local government bonds and notes; and interest bearing savings accounts or certificates of deposit.

Statute authorizes the District to deposit monies of the Auxiliary Operations and Student Activities Funds in bank accounts. Monies in these funds may also be invested. In addition, statute authorizes the District to maintain various bank accounts such as clearing accounts to temporarily deposit receipts before they are transmitted to the County Treasurer; revolving accounts to pay minor disbursements; and withholdings accounts for taxes and employee insurance programs. Some of these bank accounts may be interest bearing.

## **Tolleson Union High School District No. 214**

### **Notes to Financial Statements**

**June 30, 2025**

#### **Note 1 – Summary of Significant Accounting Policies**

Statute does not include any requirements for credit risk, concentration of credit risk, interest rate risk, or foreign currency risk. Arizona statute requires a pooled collateral program for public deposits and a Statewide Collateral Pool Administrator (Administrator) in the State Treasurer's Office. The purpose of the pooled collateral program is to ensure that governmental entities' public deposits placed in participating depositories are secured with collateral of 102 percent of the public deposits, less any applicable federal depository insurance. An eligible depository may not retain or accept any public deposit unless it has deposited the required collateral with a qualified escrow agent or the Administrator. The Administrator manages the pooled collateral program, including reporting on each depository's compliance with the program.

#### **E. Investment Income**

Investment income is composed of interest, dividends and net changes in the fair value of applicable investments. Investment income is included in other local revenue in the fund financial statements.

#### **F. Receivables and Payables**

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Interfund balances between governmental funds are eliminated on the Statement of Net Position.

All receivables, including property taxes receivable, are shown net of an allowance for uncollectibles.

#### **G. Property Tax Calendar**

The County Treasurer is responsible for collecting property taxes for all governmental entities within the county. The county levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

Pursuant to A.R.S., a lien against assessed real and personal property attaches on the first day of January preceding assessment and levy; however according to case law, an enforceable legal claim to the asset does not arise.

**Tolleson Union High School District No. 214**

**Notes to Financial Statements**

**June 30, 2025**

**Note 1 – Summary of Significant Accounting Policies**

**H. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

**I. Capital Assets**

Capital assets, which include land and improvements; buildings and improvements; vehicles, furniture, and equipment; construction in progress; and intangible right-to-use assets, are reported in the government-wide financial statements.

Capital assets are defined by the District as assets with an initial, individual cost in excess of \$5,000 and an estimated useful life of more than one year. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Capital assets are depreciated using the straight-line method over the estimated useful life of the asset. Intangible right-to-use assets are amortized over the shorter of the lease/subscription term or the underlying asset's useful life. Amortization of right-to-use assets is included with depreciation expense. The estimated useful lives and amortization periods are as follows:

Land improvements	10 - 20 years
Buildings and improvements	5 - 60 years
Vehicles, furniture and equipment	3 - 20 years
Intangible right-to-use assets	2- 5 years

**J. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

**Tolleson Union High School District No. 214**

**Notes to Financial Statements**

**June 30, 2025**

**Note 1 – Summary of Significant Accounting Policies**

**K. Compensated Absences**

The District's employee vacation and sick leave policies generally provide for granting vacation and sick leave with pay in varying amounts. Only benefits considered more likely than not to be used or paid are recognized in the financial statements. The liability for vacation and sick leave is reported in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee leave, resignations and retirements.

**L. Leases**

As lessee, the District recognizes lease liabilities with an initial, individual value of \$40,000 or more. If there is no stated rate in the lease contract and the implicit rate cannot be determined, the District uses the Daily Treasury Par Yield Curve Rate as the interest rate to measure the lease.

As lessor, the District recognizes lease receivables with an initial, individual value of \$50,000 or more. If there is no stated rate in the lease contract (or if the stated rate is not the rate the District charges the lessee) and the implicit rate cannot be determined, the District uses an interest rate based on the Applicable Federal Rate as the discount rate to measure lease receivables.

**M. Pensions and Other Postemployment Benefits**

For purposes of measuring the net pension liability and other postemployment benefit (OPEB) assets, related deferred outflows of resources and deferred inflows of resources, and related expenses, information about the pension and OPEB plans' fiduciary net position and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**N. Long-term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Deferred amounts on refunding result from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

## **Tolleson Union High School District No. 214**

### **Notes to Financial Statements**

**June 30, 2025**

#### **Note 1 – Summary of Significant Accounting Policies**

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **O. Interfund Activity**

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund financial statements are reported as other financing sources/uses in governmental funds.

#### **P. Net Position Flow Assumption**

In the government-wide financial statements the District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted amounts are available.

#### **Q. Estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### **Note 2 – Fund Balance Classifications**

Fund balances of the governmental funds are reported separately within classifications based on a hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

***Nonspendable.*** The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact.

## Tolleson Union High School District No. 214

### Notes to Financial Statements

June 30, 2025

#### Note 2 – Fund Balance Classifications

**Restricted.** Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

**Committed.** The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action of the Governing Board. Those committed amounts cannot be used for any other purpose unless the Governing Board removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The District does not have a formal policy or procedures for the utilization of committed fund balance, accordingly, no committed fund balance amounts are reported.

**Assigned.** Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Governing Board or a management official delegated that authority by the formal Governing Board action. The District does not have a formal policy or procedures for the utilization of assigned fund balance, accordingly, no assigned fund balance amounts are reported.

**Unassigned.** Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

The District has established a fund balance policy which states that the District will maintain an unrestricted General Fund balance of 30 percent of the actual Maintenance & Operations expenditures. Unassigned fund balance in the General Fund accounted for 65 percent of the actual Maintenance & Operation expenditures for the year.

**Tolleson Union High School District No. 214**

**Notes to Financial Statements**

**June 30, 2025**

**Note 2 – Fund Balance Classifications**

The table below provides detail of the major components of the District's fund balance classifications at year end.

	Other Special			Non-Major Governmental	
	General	Revenue	Debt Service	Bond Building	Funds
<b>Fund Balances:</b>					
Restricted:					
Debt service	\$	\$	\$	4,849,392	\$
Capital projects		11,036,094			2,251,884
Bond building projects				163,928,392	
Adjacent ways					10,055,389
Voter approved initiatives					23,201,868
Federal and state projects					1,792,992
Food service					5,515,130
Civic center		1,395,017			
Community schools		108,606			
Extracurricular activities		504,522			
Gifts and donations		1,143,494			
Career technical education		6,413,950			
Student activities		961,104			
Other purposes		134,268			
Unassigned	87,546,073				
Total fund balances	<u>\$ 98,582,167</u>	<u>\$ 10,660,961</u>	<u>\$ 4,849,392</u>	<u>\$ 163,928,392</u>	<u>\$ 42,817,263</u>

**Note 3 – Stewardship, Compliance and Accountability**

**Excess Expenditures Over Budget** – At year end, the District had expenditures in funds that exceeded the budgets, however this does not constitute a violation of any legal provisions.

**Note 4 – Cash and Investments**

***Custodial Credit Risk – Deposits.*** Custodial credit risk is the risk that in the event of bank failure the District's deposits may not be returned to the District. The District does not have a deposit policy for custodial credit risk. At year end, the carrying amount of the District's deposits was \$53 and the bank balance was \$199,844. At year end, the District's deposits were covered by federal depository insurance. In addition, the District had \$6,160,553 of cash with Trustee.

***Fair Value Measurements.*** The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

- Level 1 inputs are quoted prices in active markets for identical assets
- Level 2 inputs are significant other observable inputs
- Level 3 inputs are significant unobservable inputs

## Tolleson Union High School District No. 214

### Notes to Financial Statements

June 30, 2025

#### Note 4 – Cash and Investments

The County Treasurer's pool is an external investment pool with no regulatory oversight. The pool is not required to register (and is not registered) with the Securities and Exchange Commission. The fair value of each participant's position in the County Treasurer investment pool approximates the value of the participant's shares in the pool and the participants' shares are not identified with specific investments. Participants in the pool are not required to categorize the value of shares in accordance with the fair value hierarchy.

At June year end, the District's investments consisted of the following:

	Average Maturity	Fair Value
County Treasurer's investment pool	452 days	\$ 330,329,582

*Interest Rate Risk.* The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Credit Risk.* The District has no investment policy that would further limit its investment choices. As of year end, the District's investment in the County Treasurer's investment pool did not receive a credit quality rating from a national rating agency.

*Custodial Credit Risk – Investments.* The District's investment in the County Treasurer's investment pool represents a proportionate interest in the pool's portfolio; however the District's portion is not identified with specific investments and is not subject to custodial credit risk.

#### Note 5 – Receivables

Receivable balances, net of allowance for uncollectibles, have been disaggregated by type and presented separately in the financial statements with the exception of due from governmental entities. Due from governmental entities, net of allowance for uncollectibles, as of year end for the District's individual major funds and non-major governmental funds in the aggregate were as follows:

	Non-Major		
	General	Other Special	Governmental
<b>Due from other governmental entities:</b>			
Due from federal government	\$	\$	\$ 1,947,865
Due from state government		18,376,668	812,519
Due from other districts			1,071,270
Net due from governmental entities	<u>\$ 18,376,668</u>	<u>\$ 1,071,270</u>	<u>\$ 2,760,384</u>

**Tolleson Union High School District No. 214****Notes to Financial Statements****June 30, 2025****Note 6 – Leases Receivable**

The District acts as lessor in various agreements, many of which are for cell phone towers under the provisions of contracts classified as leases.

During fiscal year 2024-25, the District also entered into a \$25 million lease-leaseback transaction with another Arizona school district experiencing extreme financial distress. The District entered into a ground lease as lessee to lease property for a school site and subsequently leased back to the owner the same property as lessor. The net effect of the transaction on the fund financial statements resulted in the District recording an expenditure, which is reported as a special item, for their portion because the District paid the entire lease up-front, while the portion of the lease as a lessor is reflected in the lease receivable balance because the lessee will pay the District over the next five years. The right-to-use leased asset was netted against the deferred inflow of resources for leases on the government-wide statements in accordance with generally accepted accounting principles for lease-leaseback transactions. As a result, only the lease receivable is reported on the government-wide financial statements.

The related receivables under the lease agreements have been recorded at the present value of their future minimum lease payments as of the inception date. Lease revenue of \$101,940, and related interest revenue of \$3,490 are recorded as other local revenue in the Other Special Revenue Fund.

**Note 7 – Capital Assets**

A summary of capital asset activity for the current fiscal year follows:

Governmental Activities	Beginning Balance	Increase	Decrease	Ending Balance
Capital assets, not being depreciated:				
Land	\$ 37,621,327	\$ 6,023,939	\$	\$ 43,645,266
Construction in progress	11,501,011	58,059,790	36,727,910	32,832,891
Total capital assets, not being depreciated	<u>49,122,338</u>	<u>64,083,729</u>	<u>36,727,910</u>	<u>76,478,157</u>
Capital assets, being depreciated:				
Land improvements	53,330,645	10,208,216		63,538,861

**Tolleson Union High School District No. 214****Notes to Financial Statements****June 30, 2025****Note 7 – Capital Assets**

Depreciation expenses was charged to governmental functions as follows:

Instruction	\$	6,445,133
Support services – students and staff		229,364
Support services – administration		2,143,942
Operation and maintenance of plant services		10,435,068
Student transportation services		2,033,665
Operation of non-instructional services		<u>259,864</u>
Total depreciation expense – governmental activities	\$	<u>21,547,036</u>

**Construction Commitments** – At year end, the District had contractual commitments related to various renovation projects at multiple high schools. At year end the District had spent \$32.8 million on the projects and had estimated remaining contractual commitments of \$9.6 million. These projects are being funded with General Fund monies and bond proceeds.

**Note 8 – Short Term Debt – Revolving Line of Credit**

The District has a revolving line of credit to provide cash flow during the year to mitigate the impact of timing differences of expenditures and the receipt of state aid and property tax revenues. At year end, the District had \$2.0 million in unused line of credit.

**Note 9 – Financed Purchases Payable**

The District has acquired copiers and funding to build a warehouse under the provisions of contracts classified as financed purchases payable. Revenues from the General Fund are used to pay the debt obligation.

Annual debt service requirements to maturity on financed purchases payable at year end are summarized as follows:

Year ending June 30:	<u>Governmental Activities</u>	
	<u>Principal</u>	<u>Interest</u>
2026	\$ 1,296,375	\$ 579,729
2027	1,358,029	518,074
2028	1,285,399	453,332
2029	1,342,085	396,646
2030	1,401,271	337,460
2031-34	<u>6,250,901</u>	<u>704,027</u>
Total	<u>\$ 12,934,060</u>	<u>\$ 2,989,268</u>

**Tolleson Union High School District No. 214**

**Notes to Financial Statements**

**June 30, 2025**

**Note 10 – Leases Payable**

The District has acquired vehicles under the provisions of contracts classified as leases. The related obligations under the lease agreements have been recorded at the present value of their future minimum lease payments as of the inception date. Revenues from the Bond Building Fund are used to pay the lease obligations. Amortization of right-to-use assets recorded under leases is included with depreciation expense.

The net present value and future minimum lease payments at year end were as follows:

Year ending June 30:	Governmental Activities	
	Principal	Interest
	\$ 229,997	\$ 4,926

**Note 11 – General Obligation Bonds Payable**

Bonds payable at year end, consisted of the following outstanding general obligation bonds. The bonds are both callable and noncallable with interest payable semiannually. Property taxes from the Debt Service Fund are used to pay bonded debt. The District's legal debt limit is \$626.9 million, and the available margin is \$226.4 million. Of the amount originally authorized, \$125.0 million remains unissued.

Purpose	Original Amount Issued	Interest Rates	Remaining Maturities	Outstanding	
				Principal June 30, 2025	Due Within One Year
<b>Governmental activities:</b>					
School Improvement Bonds, Project of 2017, Series A (2018)	\$ 59,495,000	3.00 - 5.00%	7/1/25-37	\$ 38,925,000	\$ 600,000

## Tolleson Union High School District No. 214

### Notes to Financial Statements

June 30, 2025

#### **Note 13 – Interfund Receivables, Payables, and Transfers**

At year end, interfund balances were as follows:

##### **Interfund transfers:**

Transfers out	Transfers in				Total	
	Non-Major		Funds			
	Governmental					
General	\$	\$	\$ 1,788,731	\$ 1,788,731		
Bond Building		3,095,195			3,095,195	
Non-Major Governmental Funds	319,663				319,663	
Total	\$ 319,663	\$ 3,095,195	\$ 1,788,731	\$ 5,203,589		

Transfers between funds were used to (1) move federal grant funds restricted for indirect costs and (2) transfer payment amounts for repayment of the capital investment of the qualified provider or utility, energy, or water services company.

#### **Note 14 – Contingent Liabilities**

**Compliance** – Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures/expenses that may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

In addition, the District entered into an unusual lease-leaseback transaction as discussed in Note 6. The unusual nature of the transaction led in part, to the subsequent event discussed in Note 18, in which the Joint Legislative Audit Committee called for an audit of the District subsequent to year end. The audit is being conducted by the State Office of the Auditor General and will cover a myriad of items including review of leases, bond sales, planned construction, and other items. The results of the audit are not anticipated until January 2027.

**Lawsuits** – The District is a party to a number of various types of lawsuits, many of which normally occur in governmental operations. The ultimate outcome of the actions is not determinable, however, District management believes that the outcome of these proceedings, either individually or in the aggregate, will not have a materially adverse effect on the accompanying financial statements.

**Tolleson Union High School District No. 214**

**Notes to Financial Statements**

**June 30, 2025**

**Note 15 – Restatements of Beginning Balances**

**Change within the Financial Reporting Entity** – In the current fiscal year, there has been a change in major funds. The Other Special Revenue Funds was added because it has assets or revenues that exceed 10 percent of total assets or revenues. The change is reflected on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances.

	June 30, 2024, as Previously Reported	Change within the Financial Reporting Entity	June 30, 2024, as Restated
<b>Governmental Funds</b>			
Major Funds:			
General Fund	\$ 135,013,919		\$ 135,013,919
Other Special Revenue		11,054,772	11,054,772
Debt Service	4,332,183		4,332,183
Bond Building	99,328,982		99,328,982
Non-Major Governmental Funds	44,972,428	(11,054,772)	33,917,656
Total Governmental Funds	<u>\$ 283,647,512</u>	<u>\$</u>	<u>\$ 283,647,512</u>

**Note 16 – Risk Management**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The District was unable to obtain general property and liability insurance at a cost it considered to be economically justifiable. Therefore, the District joined the Arizona School Risk Retention Trust, Inc. (ASRRT). ASRRT is a public entity risk pool currently operating as a common risk management and insurance program for school districts and community colleges in the State. The District pays an annual premium to ASRRT for its general insurance coverage. The agreement provides that ASRRT will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of specified amounts.

The District joined the Arizona School Alliance for Workers' Compensation, Inc. (Alliance) together with other school districts in the state for risks of loss related to workers' compensation claims. The Alliance is a public entity risk pool currently operating as a common risk management and insurance program for school districts in the State. The District pays premiums to the Alliance for its employee workers' compensation coverage. The agreement provides that the Alliance will be self-sustaining through members' premiums and will reinsure through commercial companies for claims in excess of specified amounts for each insured event.

## Tolleson Union High School District No. 214

### Notes to Financial Statements

June 30, 2025

#### Note 16 – Risk Management

The District joined the Valley Schools Employee Benefit Trust (VSEBT) for risks of loss related to employee health and accident claims. VSEBT is a public entity risk pool currently operating as a common risk management and insurance program for school districts in the State. The District pays a monthly premium to VSEBT for employees' health and accident insurance coverage. The agreement provides that VSEBT will be self-sustaining through members' premiums and will reinsure through commercial companies for claims in excess of specified amounts for each insured event.

#### Note 17 – Pensions

**Plan Description.** District employees participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. ASRS is a component unit of the State of Arizona. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on the ASRS website at [www.azasrs.gov](http://www.azasrs.gov).

**Aggregate Amounts.** At June 30, 2025, the District reported the following aggregate amounts related to pensions and OPEB for all plans to which

	Pension	OPEB	Total
Net assets	\$ 118,558,353	\$ (4,524,522)	\$ (4,524,522)
Net liability			118,558,353
Deferred outflows of resources	26,297,253	210,386	26,507,639
Deferred inflows of resources	7,571,248	1,657,224	9,228,472
Expense	16,611,793	(2,998,230)	13,613,563
Contributions	13,677,473	79,454	13,756,927

The ASRS OPEB plans are not further disclosed because of their relative insignificance to the District's financial statements.

## Tolleson Union High School District No. 214

### Notes to Financial Statements

June 30, 2025

#### Note 17 – Pensions

**Benefits Provided.** The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

Retirement Initial Membership Date:		
	Before July 1, 2011	On or After July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years, age 62 5 years, age 50* Any years, age 65	30 years, age 55 25 years, age 60 10 years, age 62 5 years, age 50* Any years, age 65
Final average salary is based on	Highest 36 months of last 120 months	Highest 60 months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

\*With actuarially reduced benefits

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earnings. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the survivor benefit is determined by the retirement benefit option chosen. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

**Contributions.** In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the current fiscal year, active ASRS members were required by statute to contribute at the actuarially determined rate of 12.27 percent (12.12 percent for retirement and 0.15 percent for long-term disability) of the members' annual covered payroll, and the District was required by statute to contribute at the actuarially determined rate of 12.27 percent (12.05 percent for retirement, 0.07 percent for health insurance premium benefit, and 0.15 percent for long-term disability) of the active members' annual covered payroll. The District's contributions to the pension plan for the year ended June 30, 2025 were \$13,677,473.

## Tolleson Union High School District No. 214

### Notes to Financial Statements

June 30, 2025

#### Note 17 – Pensions

Employers are also required to pay an Alternate Contribution Rate (ACR), for retired members who return to work in positions that would typically be filled by an employee who contributes to ASRS. The District was required by statute to contribute at the actuarially determined rate of 10.19 percent (10.14 for retirement and 0.05 percent for long-term disability). ACR contributions are included in employer contributions presented above.

The District's pension plan contributions are paid by the same funds as the employee's salary, with the largest component coming from the General Fund.

**Pension Liability.** The net pension liability was measured as of June 30, 2024. The total liability used to calculate the net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2023, to the measurement date of June 30, 2024. The District's proportion of the net liability was based on the District's actual contributions to the applicable plan relative to the total of all participating employers' contributions to the plan for the year ended June 30, 2024.

At June 30, 2024, the District reported the following amounts for its proportionate share of the pension plan net liability. In addition, at June 30, 2024, the District's percentage proportion for the plan and the related change from its proportion measured as of June 30, 2023 was:

Net Liability	District % Proportion	Increase (Decrease)
\$ 118,558,353	0.741	0.041

**Pension Expense and Deferred Outflows/Inflows of Resources.** The District has deferred outflows and inflows of resources related to the net pension liability. Certain changes in the net pension liability are recognized as pension expense over a period of time rather than the year of occurrence. The District's pension expense for the year ended June 30, 2025 was \$16,611,793.

**Tolleson Union High School District No. 214**

**Notes to Financial Statements**

**June 30, 2025**

**Note 17 – Pensions**

The District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 6,617,816	\$
Net difference between projected and actual earnings on pension investments		7,571,248
Changes in proportion and differences between contributions and proportionate share of contributions	6,001,964	
Contributions subsequent to the measurement date	<u>13,677,473</u>	
Total	<u>\$ 26,297,253</u>	<u>\$ 7,571,248</u>

The amounts of deferred outflows of resources resulting from contributions subsequent to the measurement date as reported in the table above will be recognized as an adjustment of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30:

2026	\$ 497,150
2027	7,857,327
2028	(1,916,532)
2029	(1,389,413)

**Actuarial Assumptions.** The significant actuarial assumptions used to measure the total pension liability are as follows:

Actuarial valuation date	June 30, 2023
Actuarial roll forward date	June 30, 2024
Actuarial cost method	Entry age normal
Investment rate of return	7.0%
Inflation	2.3%
Projected salary increases	2.9-8.4%
Permanent base increases	Included
Mortality rates	2017 SRA Scale U-MP

## Tolleson Union High School District No. 214

### Notes to Financial Statements

June 30, 2025

#### Note 17 – Pensions

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the five-year period ended June 30, 2020. The purpose of the experience study was to review actual experience in relation to the actuarial assumptions in effect. The ASRS Board adopted the experience study recommended changes which were applied to the June 30, 2020, actuarial valuation.

The long-term expected rate of return on ASRS plan investments was determined to be 7.0 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, excluding any expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return
Public equity	44%	4.48%
Credit	23%	4.40
Interest rate sensitive	6%	(.45)
Private equity	10%	6.11
Real estate	17%	6.05
Total	<u>100%</u>	

**Discount Rate.** The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Tolleson Union High School District No. 214**

**Notes to Financial Statements**

**June 30, 2025**

**Note 17 – Pensions**

**Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.**

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.0 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Current		
	1% Decrease	Discount Rate	1% Increase
Rate	6.0%	7.0%	8.0%
Net liability	\$ 181,537,081	\$ 118,558,353	\$ 66,071,081

**Pension Plan Fiduciary Net Position.** Detailed information about the pension plan's fiduciary net position is available in the separately issued ASRS financial report. The report is available on the ASRS website at [www.azasrs.gov](http://www.azasrs.gov).

**Note 18 – Subsequent Event**

On October 7, 2025, the Joint Legislative Audit Committee called for a special audit to be performed by the Office of the Auditor General to assess the District's policies, procedures, and practices for a number of items including conflict of interest, lease purchases, land leases, bond and override elections, procurement, and other items. The results of the audit are not expected until January 2027.

**Tolleson Union High School District No. 214**  
**Notes to Required Supplementary Information**  
**June 30, 2025**

**Note 1 – Budgetary Basis of Accounting**

The District budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America, except for the following items.

- Prepaid items are budgeted in the year prepaid.
- Employee insurance expenditures are budgeted in the year the employee insurance account is funded.

Additionally, the General Fund includes the Maintenance and Operations Fund and other funds that do not meet the criteria for separate reporting in the financial statements. Arizona Revised Statutes requires the Maintenance and Operations Fund budget, and therefore these other funds must be subtracted to present only the activity of the Maintenance and Operations Fund.

The following schedule reconciles expenditures and fund balances at the end of year.

	Fund	
	Total	Balances
	Expenditures	End of Year
Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds	\$ 155,425,004	\$ 98,582,167
Other funds presented in the General Fund	(19,620,043)	(26,269,267)
Prior-year prepaid items	(1,869,152)	
Employee insurance account	<u>166,499</u>	<u>(672,606)</u>
Schedule of Revenue, Expenditures and Changes in Fund Balances – Budget and Actual - General Fund	<u>\$ 134,102,308</u>	<u>\$ 71,640,294</u>

**Note 2 – Pension Plan Schedules**

**Actuarial Assumptions for Valuations Performed.** The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated, which is the most recent actuarial valuation. The actuarial assumptions used are disclosed in the notes to the financial statements.

**Factors that Affect Trends.** The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the five-year period ended June 30, 2020. The purpose of the experience study was to review actual experience in relation to the actuarial assumptions in effect. The ASRS Board adopted the experience study recommended changes which were applied to the June 30, 2020, actuarial valuation.

**Combining and Individual  
Fund Financial Statements  
and Schedules**

(This page intentionally left blank)

## **Governmental Funds**

(This page intentionally left blank)

## **Non-Major Governmental Funds**

### **Special Revenue Funds**

**Classroom Site** – to account for the financial activity for the portion of state sales tax collections and permanent state school fund earnings.

**Instructional Improvement** – to account for the activity of monies received from gaming revenue.

**Federal and State Grants** – The Federal and State Grants Fund accounts for financial assistance received for federal and state grants and projects.

**Food Service** – to account for the financial activity of school activities that have as their purpose the preparation and serving of regular and incidental meals and snacks in connection with school functions.

### **Capital Projects Funds**

**Adjacent Ways** – to account for monies received to finance improvements of public ways adjacent to school property.

**Other Capital Projects Funds** – to account for the revenues and expenditures of other capital projects activities, including the following: gifts and donations – capital, energy water and savings, and new school facilities.

## **Statistical Section**

The statistical section presents financial statement trends as well as detailed financial and operational information not available elsewhere in the report. The statistical section is intended to enhance the reader's understanding of the information presented in the financial statements, notes to the financial statements, and other supplementary information presented in this report. The statistical section is comprised of the five categories of statistical information presented below.

### **Financial Trends**

These schedules contain information on financial trends to help the reader understand how the District's financial position and financial activities have changed over time.

### **Revenue Capacity**

These schedules contain information to help the reader assess the factors affecting the District's ability to generate revenue.

### **Debt Capacity**

These schedules present information to help the reader evaluate the District's current levels of outstanding debt as well as assess the District's ability to make debt payments and/or issue additional debt in the future.

### **Demographic and Economic Information**

These schedules present various demographic and economic indicators to help the reader understand the environment in which the District's financial activities take place and to help make comparisons with other school districts.

### **Operating Information**

These schedules contain information about the District's operations and various resources to help the reader draw conclusions as to how the District's financial information relates to the services provided by the District.

**Source:** The source of this information is the District's financial records.

**Notes:** 1) The District's general obligation bonds are subject to two limits; the Constitutional debt limit (total debt limit) on all general obligation bonds outstanding and the statutory debt limit on Class B bonds outstanding. The calculations of the debt margins are presented in detail for the current fiscal year only.

2) Prior to FY17, net bond premium was restricted by amount and not subject to the statutory debt limit. Beginning with FY17, any additional net premium used for capital projects, bond counsel, printing and preparation of offering documents, a financial advisor, paying agent costs or to pay down debt is counted against both debt limits with the exception of amounts of premium deposited into the Debt Service Fund or a refunding escrow to pay interest payments.
