MEETING KEY POINTS

What is a family resource center?

A Family Resource Center (FRC) is a community-based facility that provides diverse support to families. It offers different programs and activities to bring families together and make the connection between school and the community stronger.

Understanding the need

- Families deserve a well-rounded education.
- Tools to navigate the education system and available supports.
- Central location for families to receive support.

Needs

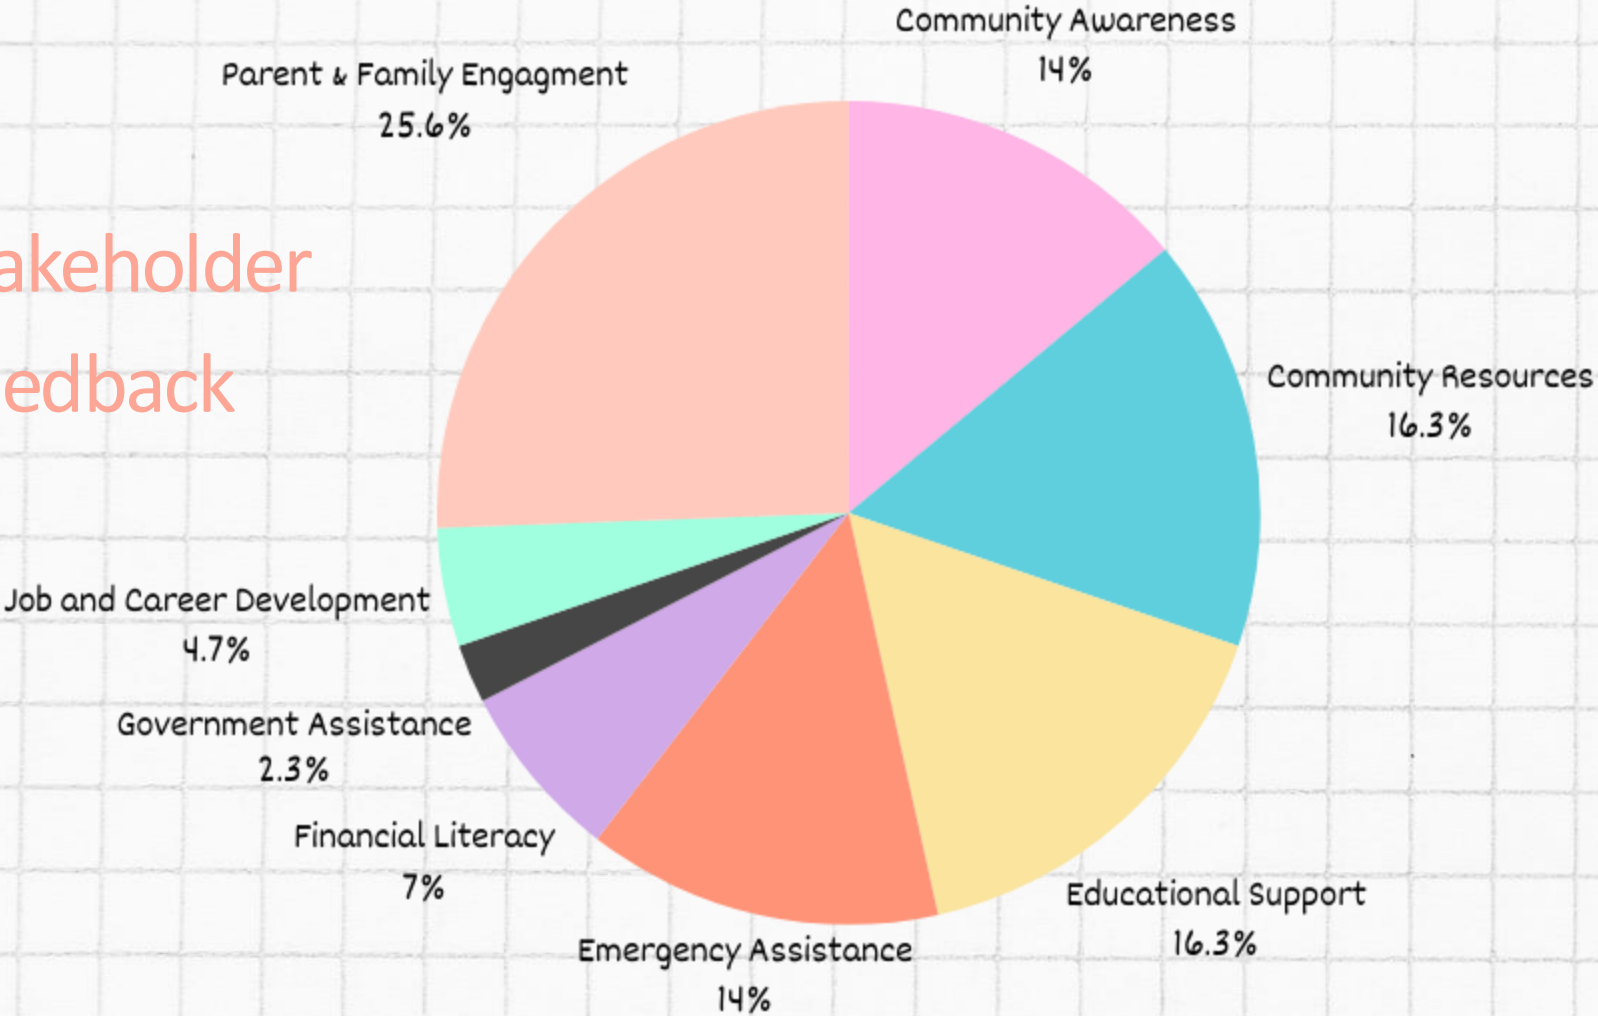

Assessment

Attendees were able to discuss how a FRC can meet the needs of our site, students, parents, and community.

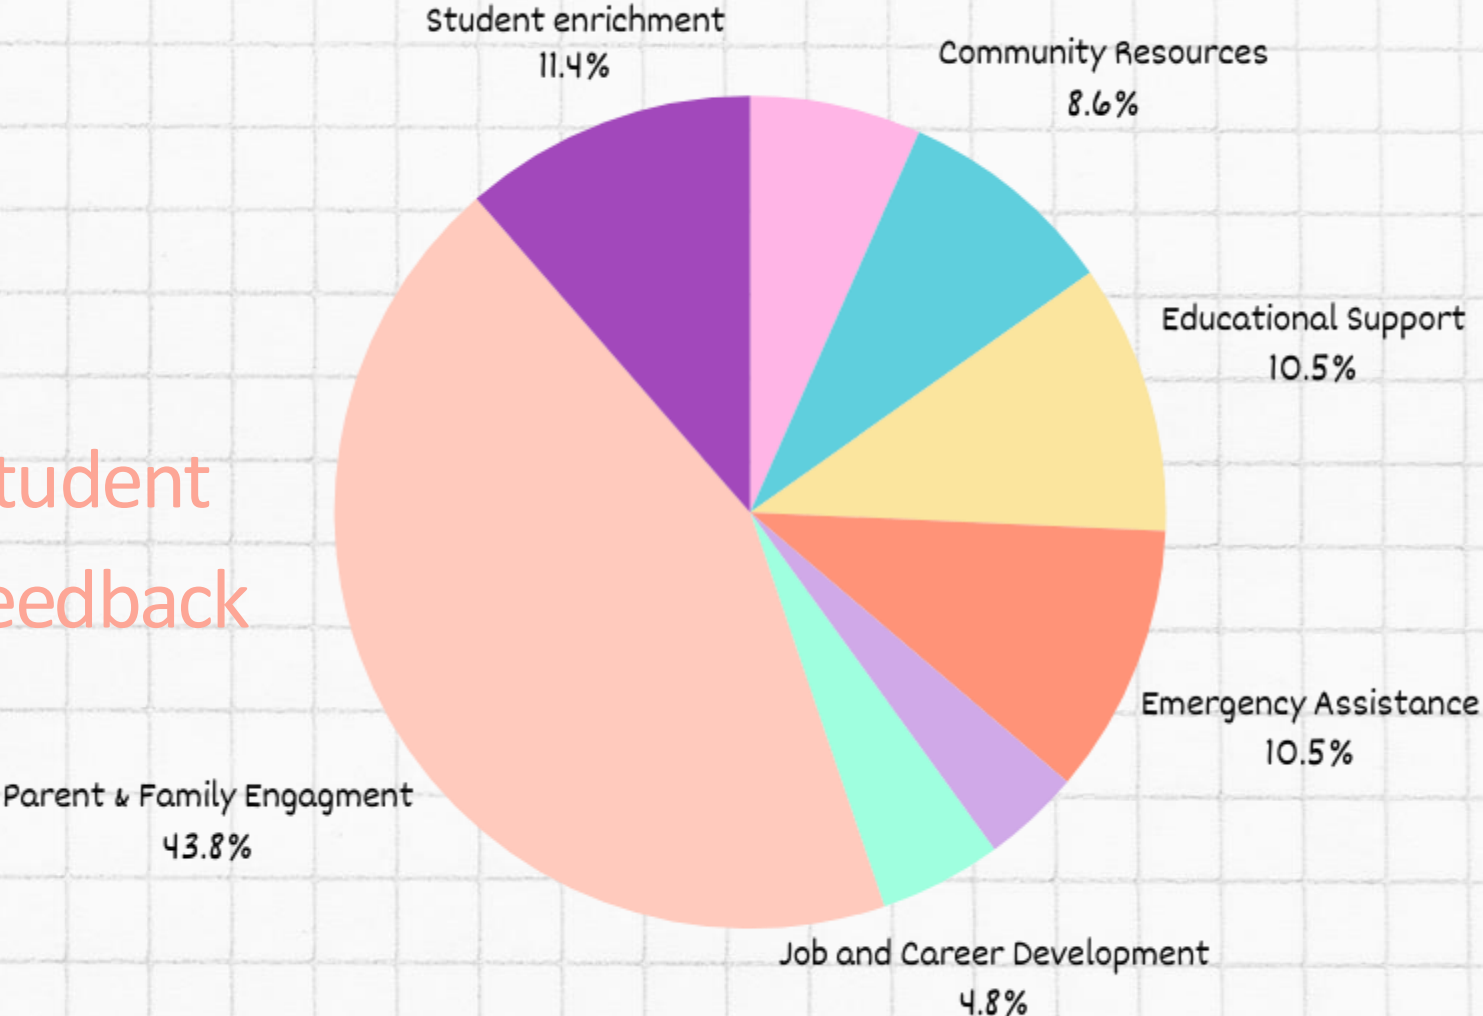

Join us at our next meeting to review our findings!
