SEIZE THE COPPERTUNITY

COPPER CANYON HIGH SCHOOL

Led by Principal Alfred "Bo" Oxford

MISSION:

At Copper Canyon, we empower students by equipping them with the knowledge, skills, and character to thrive in an evolving world.

VISION

Copper Canyon is a courteous, committed, helpful and safe learning community that maximizes potential through growth-focused learning and meaningful experiences.

THE COPPER WAY

We pride ourselves on being a school of choice for students. Approximately 50% of our students attend on an open enrollment variance, meaning they do not live within our boundaries and choose to be educated at Copper Canyon.

Copper Canyon High School is a Title 1 school within the Tolleson Union High School District.

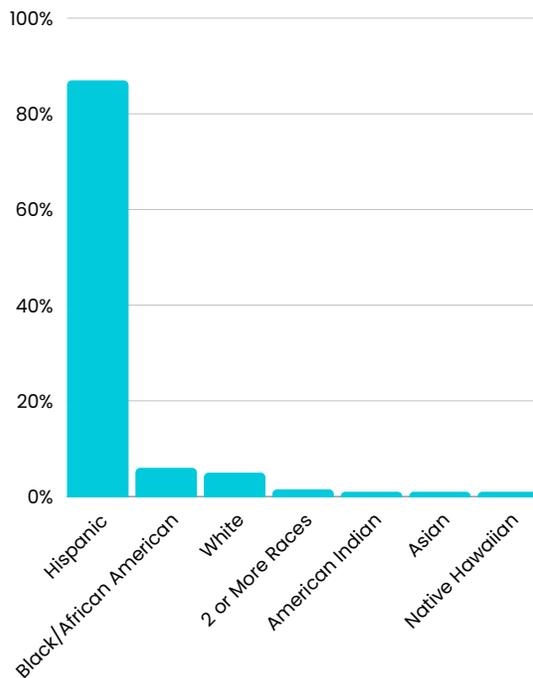

Our teachers, staff, and administration dedicate themselves to helping each of our students achieve their academic potential by laying a foundation they will build on for the rest of their lives.

We recognize the support and encouragement of parents and the active participation of the students themselves is a crucial key to success. We invite parents to get involved and stay involved in their students' lives and education. We encourage students to take advantage of the many educational, athletic, and social opportunities that are available to them during their school years. So, jump right in and seize the day. We will help you succeed!

Dual Enrollment

Copper Canyon offers more than 20 dual enrollment opportunities, including English, Math, Spanish, French, Theatre and more!

DEMOGRAPHICS

CLASS OF 2025

- Scholarship Amount Received: \$10.2 million
- Graduating Class: 489 students
- Graduation Rate: 89.96%

ATHLETICS/EXTRACURRICULAR OPTIONS

Copper Canyon is part of the AIA and student athletes compete in 4A and 5A levels in: football, volleyball, basketball, wrestling, baseball/softball, track and field, cross country, golf, and e-sports.

CCHS is part of the 21st Century program, in which we offer afterschool enrichment for students in academic areas, as well as explorative opportunities such as culinary arts, robotics and other areas.

RISE IN ROBOTICS

Copper Canyon Robotics, the "AzTechs," have seen significant gains and growth in the program in recent years. Among some of their achievements include:

- State qualifier two consecutive years
- Won the Inspire Award (highest award given in FIRST Tech Challenge)
- Hosted our first-ever FIRST LEGO League Explore event
