

Notice of Data Breach

On August 26, 2026, Tulare Joint Union High School District (“TJUHSD”) identified unusual activity on our network and immediately began an investigation. The investigation determined there was unauthorized access to certain information stored within our network. We determined that certain data related to student educational records was potentially subject to unauthorized access. We subsequently began reviewing the data to determine the contents and are now providing notification to potentially impacted individuals. TJUHSD completed its review on September 18, 2026.

The student information involved may include your name and medical information if it was provided to TJUHSD. Medical information may include prescription information and immunization record information.

Upon learning of this event, we immediately undertook a thorough investigation. We are reviewing our policies and procedures and reset passwords. Additionally, we are offering potentially impacted individuals complimentary credit monitoring and identity protection services.

If you have any questions, or would like to enroll in credit monitoring, please call our dedicated call center at 1-800-405-6108 from 5 am to 5 pm PT Monday through Friday. You may also write to us at 426 N Blackstone St., Tulare, CA 93274.

In general, we encourage potentially affected individuals to remain vigilant against incidents of identity theft and fraud by reviewing credit reports/account statements and explanation of benefits forms for suspicious activity and to detect errors. Under U.S. law, individuals are entitled to one free credit report annually from each of the three major credit reporting bureaus, TransUnion, Experian, and Equifax. To order your free credit report, visit www.annualcreditreport.com or call 1-877-322-8228.

Individuals have the right to place an initial or extended fraud alert on a credit file at no cost. If individuals are a victim of identity theft, they are entitled to an extended fraud alert lasting seven years. As an alternative to a fraud alert, they have the right to place a credit freeze on a credit report. The credit freeze is designed to prevent credit, loans, and services from being approved without consent. Pursuant to federal law, individuals cannot be charged to place or lift a credit freeze on your credit report.

Should individuals wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
