2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

Principal’s Message
 Welcome to the 2025–2026 school year at Countryside High School! It is truly an honor to serve as your principal and to partner with our dedicated staff, students, families, and community. At Countryside, we are proud to be Wildcats, and we embrace our PBIS values of being personally geared, academically sound, well-rounded, and socially aware in all that we do. My philosophy as an educational leader is grounded in the belief that every student deserves an environment where they feel supported, challenged, and inspired. By fostering strong connections, high expectations, and a culture of belonging, we empower our students to reach their goals and prepare for life beyond high school. This year, our staff remains committed to guiding students on their journey toward academic achievement, personal growth, and future success. Together, we will

continue to build a school community rooted in positivity, perseverance, and purpose.

Mission Statement

Countryside High School is to deliver an education program to high school students whose academic performance, behaviors, and attitudes warrant intervention. Countryside High School provides an academic foundation coordinated with a counseling component to provide a true rehabilitative environment. A small student to teacher ratio is maintained for more individualized instruction. The staff is a blended team of education and mental health professionals working together with parent/guardians to provide a structured and safe learning environment.

School Profile

Countryside High School, a Community Day School within the Tulare Joint Union High School District, serves voluntary students in grades 9-12 on this campus. The school offers a structured daily schedule with seven classes and provides dual and concurrent enrollment opportunities with the College of the Sequoias campus, allowing students to earn college credits while completing their high school education. Students at Countryside voluntarily enroll, often with a history of poor attendance, mental health challenges, or credit deficiencies. The school's support programs are designed to help students stay on track for graduation and provide support for students mental health needs. These programs include individual and group counseling to address academic, behavioral, drug and alcohol use, anger management, and mental health needs. Services are provided by a team that includes the Teachers, Rehabilitation Specialist, School Psychologist, School Social Worker, Recovery Resources, Hope Horizon, Tulare County Office of Education, School Resource Officer, Attendance Officer, and School Administration.

Recent student profile data shows the following:

- * Over 91% of the student body are identified as socioeconomically disadvantaged
- * 22 students are currently enrolled: Female Students 18, Male Students 4, Other Gender
- * The student body population is the following: Hispanic (66.7%), Whites (25%), Other Asian (8.3%),
- * Approximately 17% of students are receiving special education services
- * The suspension rate for 2024-2025 was 16.7% of the student population
- * The graduation rate for 2024-2025 was %100
- * The attendance rate for 2024-2025 was 88.91%

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Tulare Joint Union High School District held a public hearing on September 19, 2024 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Education. The table displays information collected in September 2024 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Opening in 2004, Countryside High School shares the same grounds as the district's continuation high school on the corner of Bardsley and Pratt. The campus is comprised of two relocatable classrooms and a counseling office. In 2009 the parking lots and basketball courts were repaved. In 2010 new security cameras were added for additional campus monitoring and security. In 2019 the entire exterior of campus received a fresh coat of paint.

Cleaning Process

Countryside High School provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with an emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial/maintenance staff to ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by Countryside High School's custodial staff on a regular basis with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Tulare Joint Union High School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority while repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2024-25 Career Technical Education Programs

Countryside High School does not offer a CTE Program Pathway at this time. In prior years students interested in CTE coursework would take courses in Health Occupations and/or Certified Nursing Assistant classes at the comprehensive school site. Countryside is regularly exploring avenues to providing a CTE Program Pathway to its students on campus.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents and community members are highly supportive of the educational program at Countryside Community Day School. Upon enrollment, parents are provided with school and staff contact information and receive communication through notices, personal phone calls, and automated messages regarding opportunities to participate in school activities such as School Site Council, Safety Committee, WASC accreditation activities, field trips, and sporting events.

The school actively encourages parent involvement through family engagement events and partnerships with outside agencies. Countryside High School hosts FAFSA workshops and financial aid support events to assist families with postsecondary planning and regularly partners with community-based organizations that invite parents onto campus to participate in student-centered activities and celebrations.

Parents who wish to observe their child's class are asked to notify the principal in advance, and arrangements are coordinated with the appropriate teacher(s). Parents with internet access may also monitor student progress, including grades and attendance, through the Aeries Parent Portal. The administration and staff at Countryside High School maintain an open-door policy and are available throughout the school day to meet with parents and address student or family concerns.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;

2025-26 School Safety Plan

The safety of students and staff is a primary priority at Countryside High School. The school follows the district's Comprehensive School Safety Plan (CSSP), which is reviewed and updated annually in accordance with state requirements. For the 2025–2026 school year, the Safety Plan was reviewed by the School Safety Team and administration on August 8, September 19, and November 18, 2025, with final revisions completed and approved by the School Site Council on December 17, 2025. The plan was reviewed with school staff during scheduled meetings, and key safety expectations and procedures were communicated to students through announcements and assemblies. The CSSP is scheduled for presentation to the governing board for formal adoption.

Countryside High School implements multiple measures to maintain a safe and secure campus. The school follows the ALICE model for responding to intruders and conducts regular fire, earthquake, and lockdown drills throughout the school year. Campus supervision is provided before school, during breaks and lunch, and after school through a shared responsibility among administration, the School Resource Officer, security personnel, and staff. All visitors are required to sign in through the administration office, and campus security is supported by monitored entry points and surveillance cameras to enhance student and staff safety.

The CSSP outlines key components designed to protect student well-being and promote a safe learning environment. These elements include disaster and emergency response procedures, child abuse reporting protocols, suspension and expulsion policies, sexual harassment and nondiscrimination policies, teacher notification procedures for dangerous students, and guidelines for safe ingress and egress. In addition, Countryside High School continues to implement Positive Behavioral Interventions and Supports (PBIS), which includes incentives that promote positive behavior, improved attendance, academic progress, and personal goal attainment. The school remains in compliance with all applicable laws and regulations related to hazardous materials, earthquake safety, and campus emergency preparedness.

2022-23 Secondary Average Class Size and Class Size Distribution

This table displays the 2022-23 average class size and class size distribution. Professional Development

Student Achievement Data is monitored regularly by the District and sites. Based on the data we have a number of areas that have been the focus of professional development. We continue to refine the PLC process and focus on aligning curriculum, grading, instructional practices, and interventions. In addition, ensuring appropriate supports for our Emerging Bilinguals, Special Education, and other minority student groups is in the forefront of our professional development activities.

Professional Development activities are provided to staff at the beginning of the school year. There are several online trainings that staff must complete that are mandatory training activities. There are also in-person professional development activities that are provided, based on feedback from both teachers and administrators. These activities are centered on supporting classroom

Professional Development

instruction, student behavior, and other supports needed.

The District provides Instructional Coaches in the areas of math and ELD. These coaches conduct coaching cycles with teachers as a form of professional development to improve instruction. They also spend time in the classrooms supporting teachers on instruction.

The district has contracted with Solution Tree to provide training and support to our PLCs as they continue to focus on the hard work of Collaborative Teams. The District continues to provide professional development to the core departments providing support in their process of aligning curriculum with the California Common Core State Standards, instructional strategies, and intervention practices. Instructional Technology is another highly supported area. A majority of the professional development activities are conducted during the school day with teachers being provided substitutes so they can attend the PD sessions required by the District. There are also opportunities to teachers to participate or request individual support from the coaches or access to workshops, seminars and conferences. The District has also contracted with Tulare County Office of Education to provide Building Thinking Classrooms training in the fall and spring to teachers in Math, English, Science, and Social Studies.

Additionally, staff are trained in Youth Mental Health training, CPI (Crisis Prevention Institute) training, PBIS (positive behavior interventions) and much more.

This table displays the number of school days dedicated to staff development and continuous improvement.
