- **Open Enrollment:** Open enrollment is when an application is submitted for a student to attend our school who does not live within the district or school boundaries. If you have already submitted an application and have a student in grades K-3rd and you are going to be attending the elementary school next school year 2026-2027, you **do not** need to fill out another application. If your child is in 4th grade and is advancing to the Middle School or you

currently have a Pre-K student advancing to Kindergarten and do not live within the district boundaries, you **need** to fill out an application. Open enrollment began November 15 and ends February 6th. If you have questions about this, please contact the Elementary School front office.
