

A+ Archer News

Weekly News August 28th

Dear Archers and Parents,

We hope this Newsletter finds you well. We would like to share the good news of how we are building the reduced lunch program by selling breakfast items and snacks. Items will be available to purchase in the morning from 8am-8:25am in the cafeteria and during club time. All profits will help build the reduced lunch program that we are working towards. Any parents that would like to donate any prepacked items to help the program, would be greatly appreciated.

Lunch

We are excited to announce that our lunches will continue to stay at the low price of \$5 per meal! Non-pre ordered meals will change to \$6, if there are extra meals available to purchase. ALL lunches need to be preordered and paid in order to receive the meal at \$5. If your child does not plan on eating a meal, please do not preorder for that day. At this time he have not been charging for meals that are not picked up. This may have to change as our lunch number agreement to Helen's has increased in order to sustain the price of \$5. If you have any questions please contact Mrs. Reese.

Student Council is having a car wash on September 16th to raise funds for school events. Come out and support our hard working kids! (see flyer below)

Kind regards,
Rachele Reese
Principal
