

A+ ARCHER NEWS

DECEMBER 1, 2025

Hello Archer Families!

Get ready to be inspired! We are thrilled to announce our first annual **ARTcher Showcase!**

We invite you to come join us for an inspiring art exhibition featuring the incredible work created by our very own students! Our talented art teacher, Mr. Jimenez, along with the high school art class, has spent the entire semester mastering several professional techniques and multiple mediums. Now is your chance to see their amazing creations! This exciting event takes place on **December 5th from 5-7pm** at A+ and is a celebration of creativity and talent, featuring not only stunning visual artwork but also live musical performances by our talented students under the guidance of Mr. Williford. Don't miss this spectacular display of student artistry!

Also, please mark your calendars for a wonderful **dental health event** that will provide every 6th-grade student with a free fluoride varnish treatment and a complimentary toothbrush kit to take home! This preventative care is a simple way to help keep your child's smile healthy and bright.

Event Details:

- Dates: **December 8-10**
- Time: 9:30AM-1PM
- Grade: 6th Grade
- Location: A+ Charter School

To ensure your child can benefit from this excellent opportunity, please return the signed permission slip to Nurse Dee this week. Prior authorization forms are being sent out in advance of the event. Start early protecting your child's smile with this valuable, free service! We look forward to seeing everyone there!

Warm regards,

Rachelle Reese
Principal
