This student completed Spanish in 8th grade. If you completed HS Algebra in 8th, it will also show up here.

Each semester your transcript will be updated with your grades, current GPA and credits earned.

The column on the right-hand side summarizes your progress toward total credits earned.

If you did not complete or pass the Civics test in 8th grade, you will have another opportunity in 11th grade when you take US History.

# Things to consider

## **Freshman year counts!**

Your grades this year become part of your official high school transcript – one of the main criteria that admissions counselors review when you apply to college.

Here are some goals to strive for:

- All A's and B's in your 16 core classes
- Above average test scores on ACT or SAT
- Extracurricular involvement (clubs, sports, music, dance, leadership, etc.)
- Community service
