34 W. Main St, North Vernon, Indiana 47265

Phone: (812) 346-4483

Fax: (812) 352-8194

November 17, 2023

To: Parents; Guardians and JCSC School Staff

From: Jennings County School Corporation Administration

Subject: **Pesticide/Herbicide Application Registry Notice**

The Jennings County School Corporation practices integrated pest management, a program which combines preventative techniques, non-chemical pest control methods and the appropriate use of pesticides with a preference for products that are the least harmful to human health and the environment. Applications of pesticides are made only when deemed necessary to control a pest problem and after trying other means to control the problem. The term "pesticide" includes insecticides, herbicides, rodenticides and fungicides.

We are establishing a registry of persons who wish to be notified 48 hours prior to pesticides applications. To be included in this registry, please complete the attached form and return it to the JCSC Central Office at 34 W. Main Street, North Vernon, Indiana 47265.

Please include me in the notification registry. I understand that if there is an immediate threat to health or property that requires treatment before notification can be sent out, I will receive notification as soon as it is practical.
