

95 Literacy Intervention System™

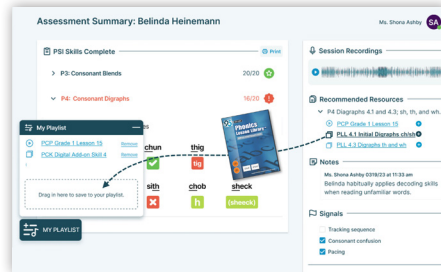

Transform your intervention program

95 Literacy Intervention System™ is a cohesive solution that connects diagnostic assessment results to specific instruction. Students get exactly what they need to move out of intervention more quickly, and educators get to see student, school, and district-level real-time data to monitor progress and drive efficiency.

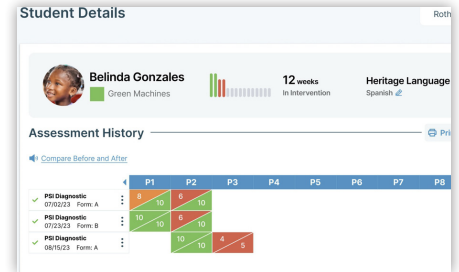

Connected capabilities that save time and drive efficiencies

Diagnostic assessments are easy to administer and pinpoint granular phonemic awareness and phonics skill gaps.

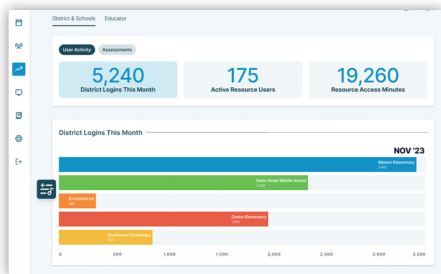

Recommended resources align granular diagnostics to instruction. Resources can be accessed immediately or saved on teacher 'playlists'.

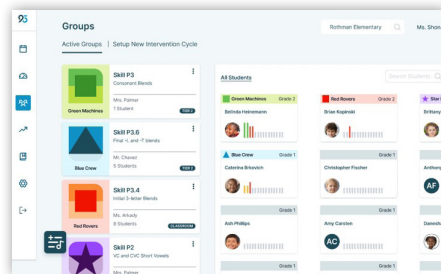

Automated grouping of students at similar levels with similar skill deficits makes management of Tier 2 intervention processes easy and efficient.

Systemic improvement of district-wide outcomes

Real-time student performance data is maintained in one secure platform with visibility across stakeholders, empowering teachers, coaches, building leaders, and district administrators to consistently monitor progress and make informed instructional decisions.

Reading intervention activities aligned within a formal **Multi-Tiered System of Supports (MTSS)** framework are centrally visible to authorized stakeholders across grades and school years.

Embedded professional learning supports teachers as they go. On-demand training videos and instructional tips are designed for educators at every experience level.

Systemic improvement of Tier 2 intervention with evidence-based resources

Aligned with 95 Percent Group's science of reading-based classroom and intervention resources, 95 Literacy Intervention System is grounded in evidence-based resources and includes the following:

Diagnostic assessments to pinpoint skill deficits.

95 Phonemic Awareness Screener for Intervention™, 95 Phonics Lesson Library™, and 95 Phonics Screener for Intervention™.

Whole class and Intervention resources align across the same skills, follow the same instructional dialogue and routines, and are proven effective.

95 Phonemic Awareness Intervention Resource™, 95 Phonics Chip Kit™, 95 Phonics Lesson Library™, 95 Phonics Core Program®, and 95 Pocket PA™.

Professional Learning to help teachers grow their knowledge and enhance their practice.

A complimentary asynchronous training course.

Virtual training: Getting Started with 95 Literacy Intervention System.

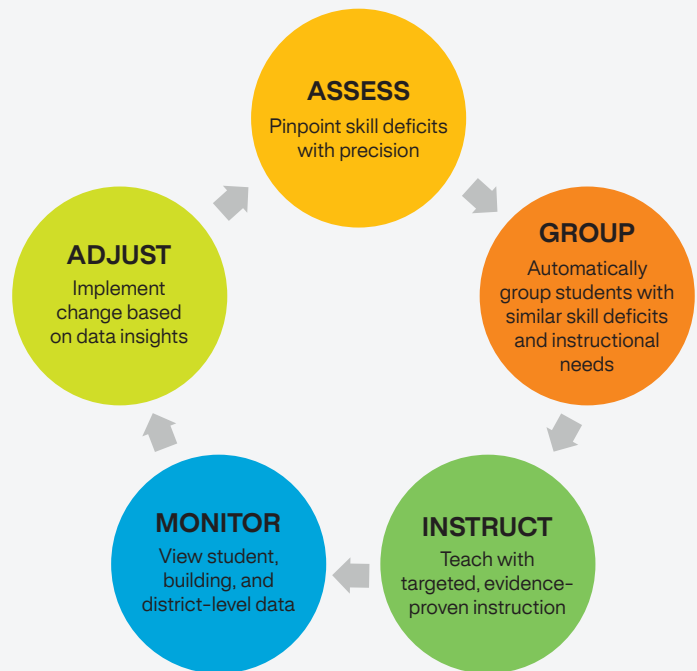

A must-have component of this product is that the system feeds real-time data up to school and district levels, empowering key decision-makers to make informed instructional choices and to propagate best practices.”

Let us help you put research into practice

The One95 Literacy Ecosystem™ is anchored in our commitment to helping educators put the principles of science of reading into practice.
