2024-2025 Supplemental Programs	
Name	**Description**
95 Percent Group	**K-6 ELA** 95 Literacy Intervention System for grades K–6 and the 95 Phonics Lesson Library, Morpheme Magic, Multisyllable Routine Cards Package, Comprehension, and Vocabulary Surge for grades 5 and 6. Diagnose phonemic awareness, phonics, and comprehension skill deficits, and effectively group students to deliver precise intervention instruction to maximize student outcomes.
Actively Learn	**5-8 Science/Social Studies** A reading platform for the web where students can highlight, annotate, and discuss text as they read. Teachers can assign texts to students solo and in groups so that whole classes can read, annotate, and interact around texts at their levels.
ADEL Program	**K-8 Resource for all Subject Areas** The Arizona Department of Education's Arizona Digital Educational Library (ADEL) is designed to provide school districts with supplementary, standards-aligned resources that enhance and support locally adopted curricula. ADEL serves as a valuable tool to complement, rather than replace, district-adopted instructional materials, ensuring that teachers have access to additional resources that meet both state standards and district-specific goals.
Amira	**1-8 Tutoring** Amira listens while a student reads out loud and measures the student's fluency to the millisecond to assess fluency and detect dyslexia risk. Then, the student is placed into differentiated 1:1 reading tutoring based on their assessment results. This program will be used in different capacities at each school site.
Amplify Reading	**K-4 ELA** Amplify Reading is our personalized online reading literacy program and curriculum for grades K–5 with captivating storylines to engage students in powerful reading instruction and practice. Whether students are learning to read fluently or sharpening close reading skills, Amplify Reading accelerates their growth while freeing educators up to work with small groups or individual students.
BrainPop	**K-8 All Content Areas** A group of educational websites with over 1,000 short animated movies for students in grades K-12 (ages 6 to 17), together with quizzes and related materials, covering the subjects of science, social studies, English, math, engineering and technology, health, and arts and music.
BrainPop Science	**5-8 Science** A complement to our science curriculum that supports students as they explore phenomena, ask questions, gather observations and back up their claims with evidence. This includes simulations for physical science, life science, and earth and space science.
Epic	**PreK – 8th Grade** Epic provides instant, unlimited access to thousands of books, videos and quizzes from leading publishers to help kids everywhere read, learn and grow. Built on a collection of 40,000+ popular, high-quality books from 250+ of the world's best publishers, Epic safely fuels curiosity and reading confidence for kids 12 and under.
Eureka Math **EMBARC** **Great Minds Math**	**K-8** *Eureka Math* is meticulously coherent, with an intense focus on key concepts that layer over time, creating enduring knowledge. Students gain a complete body of math knowledge, not just a discrete set of skills. They use the same models and problem-solving methods from grade to grade, so math concepts stay with them, year after year. EMBARC and Great Minds Math support the Eureka Math program.
Goalbook Toolkit	**Prek – 8 Special Education Teachers** Supports teachers with designing learning goals and instructional plans that respond to the different ways students learn and their individual needs. Uses standards to create specific and measurable learning goals aligned to the standard.
Imagine Learning - Galileo	**K – 8 Assessment for ELA, Math, and Science** Pre-built, fixed-form, grade-level Galileo Benchmarks simulate the format of high-stakes tests, forecasting student performance on EOY state exams. Pre-built formative assessments save educators time. Plus, robust item banks with 20 different item types make it easy to build customized tests to track student progress on state standards.
IXL	**5-6 ELA, Math, Science, and Social Studies & 7-8 Math & ELA** With over 3,700 math skills, IXL provides unparalleled breadth and depth from pre-K to calculus. IXL makes differentiation easy with questions that adjust in real time to meet each student's specific needs. IXL's math skills are fully aligned to the Common Core and all state standards, helping you prepare students for standardized assessments.

My Future AZ	**6-8 College and Career** My Future AZ is a new platform sponsored by ADE for career assessment, exploration, and creation of ECAP.
Operation Prevention Mohave County Department of Health	**3-8 Drug Abuse Prevention** Operation Prevention's school resources provide educators with engaging tools that are aligned to national health and science standards, and integrate seamlessly into classroom instruction. Through a series of hands-on investigations, students will explore the science behind substance misuse, and the resulting impacts on our brain and body.
PAASport Program	**K-8 Standards Resource** an interactive way of exploring academic standards using the **Portal for Arizona Academic Standards**. PAASport is a state-of-the-art web application that allows educators to browse, search, and more effectively understand and use AZ Board approved learning standards.
Project Alert Mohave County Department of Health	**7-8 Drug Abuse Prevention** Project ALERT addresses the pro-drug mindset of today's teens and effectively increases their likelihood to remain drug-free.

Project Hope Mohave County Department of Health	**K-8 Drug Abuse Prevention** The HOPE curriculum is a series of lessons, assessments and learning materials to develop students' functional knowledge, attitudes and necessary skills to prevent drug abuse.
PBL Project	**K-8 GATE** Units and projects to support STEM connections, critical thinking, and project based learning.
ReadWorks	**K-5 ELA** Amplify CKLA and ReadWorks have collaborated to deliver high-quality texts aligned to the Amplify CKLA Knowledge Sequence. These texts are accompanied by vocabulary supports and formative assessment opportunities. You may monitor your students' progress using the ReadWorks reporting features
Scholastic Program Mohave County Department of Health	**5-8 Over-the-Counter Medicine Safety** The program's goal is to build children's knowledge about OTC medicines safely and encourage responsible behavior before children start self-medicating.
Second Step	**School Counselors** A leading SEL program in US elementary schools, Second Step® Elementary is research-based and easy to teach, adapt, and scale.
STAR Program	**Prek -8th Grade Special Education** The STAR Program includes detailed lesson plans, teaching materials, data systems and a curriculum-based assessment for teaching in the six curricular areas of receptive language, expressive language, spontaneous language, functional routines, academics, and play & social skills.
Super Duper Publishing	**Speech & Language Services** Contains many of Super Duper's popular Fun Decks, Card Decks, Quick Take Along Mini-Books, Workbooks, and Games.
Three Cheers for PreK	**Preschool** *Three Cheers for Pre-K* consists of units of study based on engaging and relevant themes. This comprehensive system helps to create an effective and developmentally appropriate classroom that is lively: filled with books, stories, songs, and conversations. Children can engage in purposeful play experiences as they develop academically, socially, and emotionally
ZEARN	**K-6 Math** The only curriculum top-rated by EdReports that unites hands-on instruction and immersive digital learning. Aligned to Eureka Math / EngageNY

Non-Tech Programs

Name	Description
Amplify Intervention	**K-4 ELA Intervention** mCLASS Intervention (formerly known as Burst:Reading) is a staff-led reading intervention that does the heavy lifting of data analysis and lesson sequencing,freeing up teachers to teach the reading skills each student needs. We have created guidance and resources to help meet your unique needs.
Math Pathways and Pitfalls	**5 - 6 Math Intervention** Math Pathways & Pitfalls (MPP) K–8 intervention curriculum, developed at WestEd, is founded on core principles for how children learn mathematics and a vision of rigorous and equitable academic achievement
Read Naturally	**5-6 EL** Students participate in research-based vocabulary lessons to learn the meaning of high-utility words and develop lifelong vocabulary acquisition techniques.
