## SAFER INTERNET DAY FOR THE DIGITAL DUST DEVILS

The Digital Dust Devils celebrated Safer Internet Day, on Tuesday February 6th, by students learning to identify and avoid online scams. The scenario involved a kid selling sneakers online and a buyer was trying to scam them. Our students were quick to call out some of the suspicious antics the buyer was pulling and how they would respond to the scammer if they were the seller. Fostering online safety is a top priority in our academy.
