

## VFW Honors Littleton ESD Teachers

## Honoring the Local Heroes Who Shape Our Students' Future

At the January Governing Board Meeting, the VFW presented 4 teachers with VFW Teacher of the Year Awards. These teachers were recognized for being exemplary educators with a focus on civic responsibility. We are very proud of them.

## Collier

Ms. Hertrampf's kindergarten class is learning how to write addition number problems within 10! Students created their own math stories and wrote number sentences that aligned with their stories. They shared their work with the class using the microphone, explained their thinking aloud, and practiced using math vocabulary.

Students also gave and received peer feedback and asked classmates for help when revisions were needed. So much collaboration, confidence, and mathematical thinking happening!

## Country Place

Congratulations to our Mustang Leaders of the Week! These students were recognized for demonstrating strong leadership skills! As a Lighthouse School, we focus on the 7 Habits of Highly Effective Kids, and these students modeled habits like being proactive, working well with others and leading by example.

Thank you to our families for supporting the development of leadership at home and at school. Go Mustangs!

## Estrella Vista

Congratulations to our newest NJHS inductees!

Recently, these outstanding students were officially welcomed as members of the National Junior Honor Society. We're so proud of their hard work, leadership, and commitment to excellence. We look forward to showing even more about this great program in the future.

## Freeman Fine Arts

The Softball and Boys Soccer tryouts at Freeman Fine Arts was a big success. We can't wait for this sports season to start and see our student athletes compete. Look for more images and information about how our student athletes do this season.

## Lakin Prep

Happy Friday, Leones! We had so much fun at our assembly today celebrating our Kids at Hope for December. A Kid at Hope is a student who believes in themselves and is talented, smart, and capable of success! We are so proud of these leaders for showing us what is possible.

A huge thanks to everyone who joined us at Peter Piper Pizza for our fundraiser. We had a blast playing games and eating way too much pizza, all for a great cause! Your support means the world!

## Littleton STEM

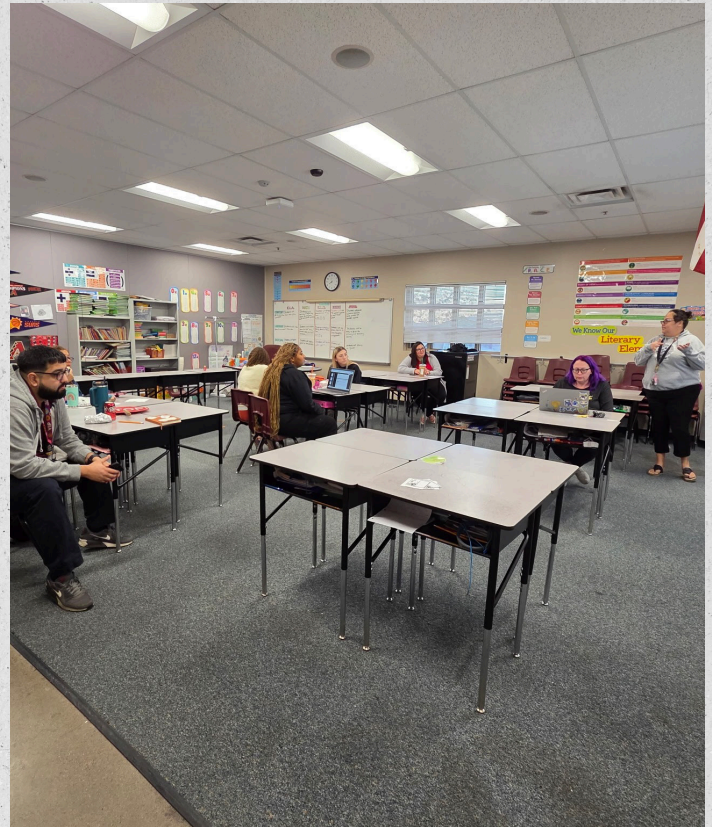

## Quentin

Beyond the classroom, our amazing teachers are hard at work in Committees to make our school year engaging for our students and families!

We have four dedicated teams planning and carrying out fun events like trunk or treat, spirit weeks, staff vs. student games, and the talent show: Family Engagement, STEMLit, Student Culture, Health Focus.

We are so proud of our educators for going the extra mile to build a great environment for our students!

## Tres Rios

The Tres Rios Academy garden is officially in full bloom! Our students' hard work is paying off, and we are excited to announce that the radishes are finally ready to be harvested. It is wonderful to see our green space thriving as a place for hands-on learning.
