LEADERS IN LEARNING, CARING AND GROWING

## Understanding What Matters Most

Students learned that two eggs that looked different on the outside because they were different colors. But when they opened them up, they found out that the insides were the same. This helped them understand that what matters most is what's inside.

## STEM Fest

The amazing 5th and 7th grade leaders had the opportunity to showcase their gear car and jet toy projects at the Barrett Jackson STEM Fest!

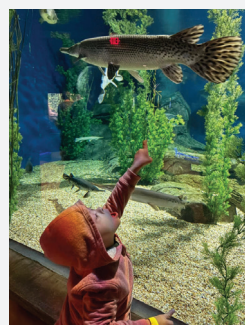

## Senior Citizens

The kindergarten through second-grade crowd turned 100 - yes, you read that right! Some even got senior discounts in the cafeteria when they whipped out their senior discount cards for being 100 years old.

## CASA Students Dive Into Adventure

The CASA students had an amazing time exploring the wonders of the OdySea Aquarium on their recent field trip. From the mesmerizing jellyfish to spotting fish that looked just like Dory and Nemo, their excitement was contagious.

## Science Fair & 100 Days of School

The Lions hosted an exciting Science Fair, where students showcased their impressive projects. In addition, they celebrated the milestone of 100 days of school.

LEADERS IN LEARNING, CARING AND GROWING

## Teacher Recognition

Ms. Romero, was surprised by Suntec Concrete, who gifted her classroom supplies and activities following a nomination from one of her students.

## Ribbon Cutting Ceremony

The Littleton Preschool campus at Littleton STEM Academy had a ribbon cutting ceremony for their new playground. They are so thankful of the support from our community and partners that helped to make this incredible outdoor learning space for our youngest learners!

## Life-Saving Skills

Sharks had an inspiring CPR class. Teaching students not just about science, but also about saving lives connects perfectly with the focus on STEM education.

## 100 days

Pumas celebrated their 100th day of school. They have made it to 100 days of learning and had many amazing accomplishments. Now let's make the next 80 days count.

## Transportation

The new bus driver Brycia Salazar has passed all the required certifications and is now a Littleton bus driver. If you see Mrs. Bree driving around be sure to give her a Littleton wave.
