**NEW FACES, BOLD FUTURES
CELEBRATING OUR ARCHITECTS OF TOMORROW!**

New Faces, Bold Futures

We're thrilled to welcome and celebrate seven incredible new educators to our Littleton family! As we embrace this year's district motto, "Building Tomorrow Together," we proudly introduce the passionate professionals who are helping shape the future of our students and community.

These new team members are the architects of tomorrow, bringing fresh energy, diverse perspectives, and a deep commitment to learning at our amazing schools!

Join us in celebrating quarter 1 honorees. They are the heart of our blueprint for a brighter future!

Collier

Ms. Hertrampf's kindergarten class started Module 4 in the Into Math curriculum by practicing sorting and classifying. Students began with an activity where they were grouped together and had to figure out why. After a few guesses, they discovered they were sorted by the color of their shirts! They continued the lesson in their math workbooks, then had the chance to sort Skittles or M&M's by color before enjoying them as a sweet snack.

This lesson supports the Arizona Kindergarten Math Standard K.MD.B.3.

Country Place

The Mustangs at Country Place are discovering the joy of music! They're learning how to read notes, understand rhythms, and even play songs on their instruments.

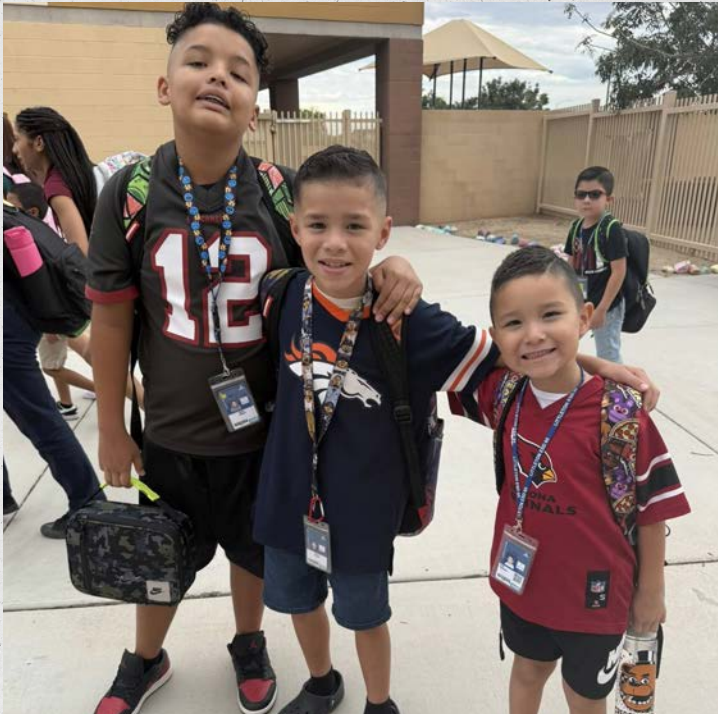

It's amazing to see their confidence grow with each new skill. Music not only brings creativity into the classroom but also builds focus, teamwork and perseverance.

Estrella Vista

Celebrating Success at Estrella Vista! Recently, we celebrated our Students of the Month, Kids at Hope honorees, Teacher of the Month, Attendance Awards, and Tardy Awards! The energy was incredible as our school came together to recognize those who are talented, smart, and capable of success. No exceptions!

What an Amazing Spirit Day! Thank you to all our Freeman Fine Arts Academy students and staff who joined us for Football Kickoff Spirit Day! We loved seeing everyone show up in their favorite team gear and bring so much energy to campus. The school spirit was incredible, and we appreciate everyone for making this day such a success!

Freeman Fine Arts

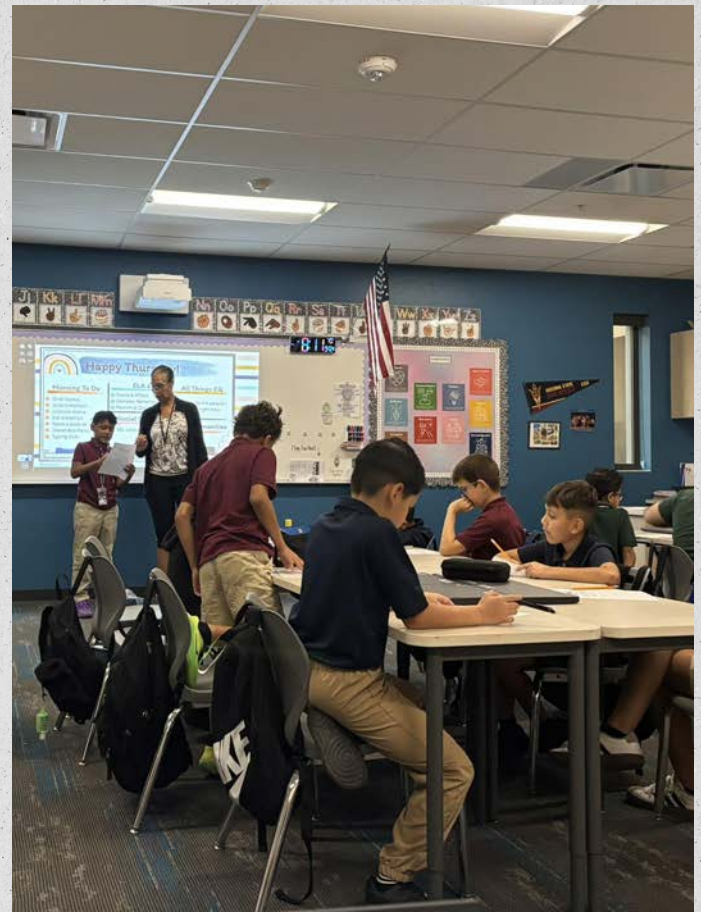

Third graders at Freeman Fine Arts Academy have been creating chalk self-portraits – learning the shapes of the face, drawing with glue, and mixing colors to match their unique skin tones. Each portrait celebrates what makes us different, and shows that every shade is beautiful!

Lakin Prep

Big roar of thanks to Ms. Bowden for a super fun and helpful SEL lesson with our 4th graders last week!

Our young Leones are learning to be their best selves. We are so lucky!

Littleton STEM

Last Thursday, our girls basketball team secured an exciting win! This victory boosts their confidence and strengthens their team work! Congrats Firebirds!

Quentin

Rockin' Around Campus! Our 4th graders turned into geologists yesterday! They explored the school grounds to discover rocks in their natural habitat.

Tres Rios

First Friday of every month is our Kids at Hope Assembly.

We recognize our Puma students, staff and grade level attendance with a celebrating tunnel, awards and fun games.
