

LEARNING HAPPENS HERE

In the classrooms, students explore new ideas, practice important skills, and discover what they're capable of. Their presence brings the room to life, turning lessons into progress and moments into milestones. When they attend, learning happens right here, every single day.

COLLIER BUSINESS ACADEMY**COYOTES
USING
THEIR VOICE**

Giovanni and Kaitlyn, had the opportunity to meet with Superintendent Dr. Laffitte! They answered questions about Collier and shared their student perspectives on how they would like to see future bond funding support the schools.

COUNTRY PLACE LEADERSHIP ACADEMY**SURPRISE IN THE GARDEN**

What a sweet surprise in the garden! The students discovered many baby watermelons growing in the garden, and they were so excited to try them. They shared the delicious watermelon surprise with other students in the cafeteria and with the wonderful teachers. Sharing the harvest made the experience even more special.

Lakin recognized three staff members who make a huge impact across the entire campus every day: the Media Clerk and two Permanent Substitutes. Whether managing library resources, stepping into classrooms on short notice, or keeping learning on track, they jump in wherever help is needed to keep the school running smoothly.
