Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Afterschool Programs in Pennsylvania study determined that for every dollar invested in after- school programming for students there was a return of $6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency (Link to PSAYDN.org).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately $50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three- part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

1) A description of each program and activity

2) A narrative outlining the expected benefit of each program and activity

3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found Link to Accelerated Learning Toolkit.

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting students' needs since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in after-school programming. Include a brief description of the indicators used in the decision-making process.

Students are identified for inclusion in the after-school programming via teacher and parent recommendations. The program is done on a weekly basis and the students attending can be fluid given the week and work be worked on. Some of the indicators used to determine those that should attend are whether the students need to retake an exam, need assistance with homework, address learning loss gaps, retain sports eligibility, etc.

Section: Narratives - After-school Program

After-school Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide after- school programming for their students.

2. Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Children from Low-Income Families	Academic Growth	15	We will be able to see increased success and engagements in the classrooms.

3. Describe the evidence-based resources that will be used to support student growth during the after- school program.

We have implemented an after-school program called WIN (What I Need). Teachers are available afterschool to address learning gaps. Students can drop in on a needed basis to receive assistance with homework, retake exams, ask questions, etc. Parents and Teachers are also recommending students to attend the program. We will be utilizing Study Island and Exact Path. These programs are through Edmentum. Study Island provides a flexible formative assessment tools to quickly measure who is on track and who needs additional support. Exact path will provide personalized, self-paced curriculum to students to help improve academic achievements. https://www.edmentum.com/products/exact-path
https://www.edmentum.com/products/study-island

4. Describe the staff that will provide the after- school program (i.e., Internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
3	Internal	Teachers

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

☑

b. The LEA assures it understands it is responsible to ensure that all after-school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the after-school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
WIN Program (What I Need)	1	Increased success and engagement in classrooms.

6. How will the LEA engage families in the after-school program?

The teachers assisting with the after-school program will communicate and engage with parents/guardians upon child pickup. The teachers will also communicate via email and telephone calls to parents/guardians.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget

$11,987.00

Allocation

$11,987.00

Budget Over(Under) Allocation

$0.00

Budget Overview

Function	Object	Amount	Description
1100 - REGULAR PROGRAMS – ELEMENTARY / SECONDARY	100 - Salaries	$11,987.00	Funding is requested for each teacher participating in the What I Need (WIN) Program. Funding for teachers is requested at $2,250/teacher for the 2021-2022 and 2022-2023 school year. Additional funding for this program will be requested in the Learning Loss application.
		$11,987.00
