Publication of High School Graduation Requirements

Prior to registering for high school, each student will be provided with a copy of the current graduation requirements. Graduation requirements shall also be included in the student handbook.

1. Credits

Students shall be expected to earn a total of 46 semester credits in order to complete graduation requirements. Special education students who have successfully completed their IEP leading to completion of high school will be awarded a diploma.

The core of instruction consists of 30 semester credits:

| | | |
|---|-----------|-----------|
| Secondary Language Arts and Communication | | 9 credits |
| English (language study, composition, literature) | 8 credits | |
| Speech or Debate | 1 credit | |

| | | |
|---|-----------|------------|
| Mathematics | | 6 credits* |
| Algebra I (or meets Algebra I standards) | 2 credits | |
| Geometry (or meets Geometry standards) | 2 credits | |
| Secondary Mathematics of the student's choice | 2 credits | |

Dual credit engineering and computer science courses aligned to the state standards for grades 9 through 12, including AP or dual credit Computer Science courses, may be counted as mathematics. **Students who choose to take Computer Science and Dual Credit Engineering may not concurrently count such courses as both a mathematics and science credit*

| | |
|---|------------|
| Science | 6 credits* |
| *At least four (4) of six (6) credits must be taken in at least two (2) of the following content areas: Life Science (Biology), Chemistry, Physics, or Earth and Space Sciences | |

Up to 2 credits in dual credit engineering and computer science courses aligned to the state standards for grades 9 through 12, including AP Computer Science, Dual Credit Computer Science, may be used as science credits. **Students who choose to take computer science and Dual Credit Engineering may not concurrently count such courses as both a mathematics and science credit.*

| | | |
|-----------------------|-----------|-----------|
| Social Studies | | 5 credits |
| Government | 2 credits | |
| US History | 2 credits | |

Economics and Financial Literacy

1 credit

Fine Arts or World Languages

2 credits

Interdisciplinary humanities, visual and performing arts, or foreign languages

Health/Wellness

1 credit*

*(Each student shall receive a minimum of 1 class period on psychomotor cardiopulmonary resuscitation (CPR) training as outlined in the American Heart Association (AHA) Guidelines for CPR to include the proper utilization of an automatic external defibrillator (AED) as part of the Health/Wellness course. Additionally, students participating in one season in any sport recognized by the Idaho High School Activities Association or club sport recognized by the District, or 18 weeks of a sport recognized by the District may choose to substitute participation for up to one credit of physical education.)

Digital Literacy (required for Class of 2028 and after)

1 credit

Electives

In addition to the 30 core credits identified above, students must also complete sufficient elective credits to meet the 46 total credits required for graduation.

NOTE: If a Junior High student completes any required high school course with a grade of C or higher before entering the 9th grade, and if that course meets the same standards that are required in high school and the course is taught by a teacher certified to teach high school content, then the student has met the high school content area requirement for such course. The student shall be given a grade for the successful completion of that course and such grade and the number of credit hours assigned to the course shall be transferred to the student's high school transcript. The student's parent or guardian shall be notified in advance when credits are going to be transcribed. However, the student's parent or guardian may elect to not have the credits and grade transferred to the student's high school transcript. The student still must complete the required number of credits in all high school core subjects identified above in addition to the courses completed in middle school.

2. Senior Project (Future Readiness Project)

A student shall complete a Senior Project that includes a written report and oral presentation by the end of grade 12. Additional requirements for the senior project are the discretion of the District.

Completion of a postsecondary certificate or degree at the time of high school graduation or an approved pre-internship or internship program may be used to satisfy this requirement.

Beginning with the Class of 2028, a student will be required to complete a Future Readiness Project demonstrating a student's application of Idaho's college and career competencies and focused on the exploration of potential post-high school options.

3. Idaho Standards Achievement Tests (ISAT)

In addition to obtaining the necessary credits as outlined above, a student will take the Idaho Student Achievement Test (ISAT) as defined by State Board of Education rules.

4. Civics Test

All secondary students must successfully pass the civics test or alternate path. "Civics test" as used herein means the 100 questions used by officers of the United States Citizenship and Immigration Services as a basis for selecting the questions posed to applicants for naturalization.

Any student who participates in a United States Government and Politics course and an associated college credit-bearing examination shall be deemed to have met this requirement.

The District will determine the method and manner in which to administer the civics test. A student may take the civics test, in whole or in part, at any time after enrolling in grade 7 and may repeat the test as often as necessary to pass the test. The District will document on the student's transcript that the student has passed the civics test.

The applicability of this requirement for students who receive special education services will be governed by the student's Individualized Education Plan.

5. ACT or SAT

All students must take the ACT or SAT before the end of their 11th grade year. Students received special education services through a current Individualized Education Plan (IEP) may utilize the ACCUPLACER placement exam in lieu of the SAT or ACT.

Additional Graduation Information

Waiver of Requirement

Graduation requirements generally will not be waived except as outlined in the Early Achievement of College/Career Readiness portion of this policy. However, in rare and unique hardship circumstances, the principal may recommend, and the Superintendent may approve, minor deviation from the graduation requirements.

Alternative Programs

Credit toward graduation requirements may be granted for planned learning experiences from accredited programs, such as summer school, college and university courses, correspondence courses, online/virtual courses, extended learning opportunities, and mastery-based education.

Credit for work experience may be offered when the work program is a part of and supervised by the school.

All classes attempted at Bruneau-Grand View Joint School District and all acceptable transfer credits shall be recorded on the transcript. All grades earned, including failures and retakes, shall be recorded as such and utilized in the calculation of Grade Point Average (GPA) and class rank. Credit shall be awarded only once regardless of repetition of the course.

Early Completion of Graduation Requirements

A student who completes all of the graduation requirements set forth above prior to the completion of eight semesters of school attendance in grades 9 through 12 may petition the Superintendent and Board for early graduation by submitting such a petition to the Superintendent through the building principal. The Superintendent shall submit the petition to the Board for endorsement and approval at the end of the quarter preceding the requested graduation date.
