Authorized Shuttle Vehicles and Employee Child Transportation

Purpose

To provide a safe and reliable transportation shuttle service to transport preschool-aged children and K-5 children of school district staff from the elementary school they attend, to the district-operated educational daycare center, where they will be received and released to the employee-parent at the end of the school day.

The Bruneau-Grand View Joint School District is a geographically large, rural district. As part of the staff recruitment and retention plan, the district offers an educational childcare option for employees with children ages 0 - 4. Employees may apply to have their preschool age child(ren) transported in a shuttle vehicle as described below. Employees with children enrolled at a District elementary school that lacks an existing bus route to return those students to Rimrock Jr-Sr High School may also apply to have their child(ren) transported on a shuttle vehicle.
