T-Mobile Hotspots are active and distributed to the students that needed them, there are still some hotspots available if any students have the need for one.

New Building is in the Pre-Construction pulling permit phase. There are barriers already in place to stop the use of the field in the back until the construction is completed. The completion date is projected to be October 2020.

Fundraising:

- Schoolstore.com launched on October 25th. As of date there have been no funds received. School Store is sending information to do a “relaunch” to the parents and families that do not complete online ordering or have internet access. It will be more of a mail in order type program.
- Amazon Smile is active and attached to the school account, it pays on a quarterly basis and as of date no money deposited. Once someone signs up to use the Amazon smile and they place an order with Amazon and not logged into Smile, it will prompt them to log in to smile to place the order. That is a nice feature to have to promote ordering to help donations for the school.
- Zaxby’s dine-in day to be scheduled for a Tuesday evening
- Valentines Dance during the school hours was a huge success on a financial level so the recommendation is to have another dance for the same timeframe of 12:30-2 pm. Next dance is scheduled for Friday, March 13th from 12:30 to 2 pm with \$2 admission.
- Collecting Box tops for education- using digital app
- Collecting Coke caps and codes from 12 packs for coke rewards.
- Collecting gently used or new shoes

At the end of the course students will have the option to take the CPR exam and receive certification from the Red Cross for 2 years.
