SFP PRIDE POST

What We've Learned

Gentle parenting does **not** mean never saying no. It means being firm and using age-appropriate limits with empathy and connection. Gentle parenting aims to teach emotional regulation instead of just punishing behavior. It reinforces the "right thing to do" and fosters a sense of self worth within the child.

GED LAST DAY

The last day for our FREE GED class is Friday, April 10th. Tutoring is available (by appointment) to current GED students until the end of the school year.

Important Dates

- April 15 - Final PACT Session
- April 27 - Final Walk & Talk
 - Weather depending. We may end earlier.
- April 29 - Final class day for SFP participants
- April 30 - Shopping Spree!
 - 3 winners will earn this

What we've been up to:

4 Sneaky Influences on Behavior and Attitude

We finished up our 4SI Section this past week. Our participants learned about the 4 things that every YSD1 student encounters every single day, and how small changes in those 4 things can improve attitude, lead to a decrease in unwanted behaviors, and an increase in academic focus and performance. They also received FREE resources to help them make those changes!

Taxes 101

Our participants had the opportunity to learn all about taxes! What are they? How do you file them? Why do you file them? What are deductions, credits, & dependants? And where they can go to file for FREE!

Reminders

Our program follows the YSD1 school calendar. If our schools are closed, our program is closed.

SFP CLOSED FOR SPRING BREAK
March 30th - April 3rd

Upcoming Topics

- ~ Parent/Teacher Conferences: Facts & Myths
- ~ What is the difference between punishment and discipline & why does it matter?
- ~ What is the Summer Slide?

Attitude & Behavior: Tip # 4

Did you know... too much screen time has been linked to increased likelihood to develop diabetes? It has also been linked to lower grades and test scores and increased meltdowns. What is the recommended amount of screen time? 2 hours or less per day.

What a fun time!

We wrapped up our “Semi-Homemade: Nutrition & Budget for Real Life” workshop last week. Each week we focused on a different theme: Kitchen safety, what makes a balanced meal, making grocery money stretch, sneaky sugars and what they means for our bodies, tips for helping picky eaters make healthy choices, & how can food spark curiosity. Each week participants got to make 1 or 2 recipies, hands on, all materials provided for FREE! Two lucky participants were drawn to win (pictured above)!

Upcoming Topics

- ~ Parent-Teacher Conferences: Facts & Myths
- ~ Taxes 101
- ~ What is the summer slide?

NEW

Walk & Talk Mondays

Meet new people, get healthy,
and hit those goals!

If you've been looking for a way to get some healthy activity into your day, but need a little push... this is for you!

Every Monday

Smucker Park
9:00-10:00am

*Open to **all** parents/guardians. No sign-up or registration required!

A fun, no pressure get together for parents! We'll walk (or run, your choice) around the paved path at Smucker Park. You can group up and chat, or go ahead solo. There's no wrong way to do it!

Grab your water, bring a friend, and we'll see you there!

Behavior & attitude:

Tip # 3

Too much sugar not only affects the body, it affects the brain! It can **affect focus, memory, and learning**. The USDA recommends staying under 50g of sugar a day. A popart has about 12g **per popart!**

Upcoming Topics

- 4 Sneaky Influences: Tip #4
- How do all these tips work together?
- Parent-Teacher Conferences: Facts & Myths
- What is the "Summer Slide"?

'STRONG 'FAMILIES PROGRAM Pride Post

LOOK WHAT WE ARE UP TO!

Our "Cooking Class" participants learned about knife cuts, culinary terms, and tips to get picky eaters to try new things.

We also made a new recipe: Apple Nachos!

(This class is full, but we do have seats in other parts of our program!)

BEHAVIOR & ATTITUDE: 4 'SNEAKY INFLUENCES

TIP #2

Did you know... elementary school children should be getting **60 minutes** of vigorous play every day?! Not just on PE days, and not only on school days. **Every day.**

Getting the right amount of physical activity not only helps keep their bodies healthy, it actually **helps their brain grow!**

STRONG FAMILIES PROGRAM PRIDE POST

JANUARY 26, 2026

Parent & Child Together Time

This is what we call PACT Time. It is a scheduled time for you to be in the classroom, participating in all the same activities as your student!

Who can participate?

Any parent, guardian, or emergency contact of any student that is enrolled and attending a Yuma School District One school.

How do I get started?

Contact the SFP Coordinator! We will go over everything you need to know, including the PACT Agreement, and get you set up.

Behavior & Attitude: 4 Sneaky Influences Tip # 1

Did you know: According to the CDC, approximately **35% of children in AZ are considered chronically sleep deprived.**

Elementary school age children should get about **10 hours** of sleep (not 10 hours in the bed, 10 hours of actual sleep) **every day.**

Upcoming Topics

- Sneaky Influences #2 thru #4
- Classroom Lingo
 - "What's a WICOR chart?"
 - "Numbers decompose?"
 - "How do you make a notebook interactive?"
